**Item No. 15.1.5**  
**Halifax Regional Council**  
**September 3, 2024**

**TO:** Mayor Savage and Members of Halifax Regional Council

**FROM:** Cathie O'Toole, Chief Administrative Officer

**DATE:** August 9, 2024

**SUBJECT:** Case CA139 – Proposed Amendments to Administrative Order 29, Respecting Civic Addressing Policies – Street Naming March 2, 2024 – June 30, 2024.

---

#### **ORIGIN**

Street naming requests submitted through new subdivision applications, development permits and corrections projects from March 2, 2024, to June 30, 2024.

#### **EXECUTIVE SUMMARY**

This report contains street names submitted from March 2, 2024, to June 30, 2024, both for private roads and public streets. It is recommended that Regional Council approve these street names and approve amendments to Schedule C and Schedule D of Administrative Order 29 to include these new streets.

Each of these street names have been reviewed by staff and have been determined to meet HRM's street naming policies. Street naming is an essential component of HRM's civic addressing assignment procedures. There are no risks in the approval of the street naming proposed in this report.

#### **RECOMMENDATION**

It is recommended that Halifax Regional Council adopt the proposed amendments to Administrative Order 29, Respecting Civic Addressing Policies as set out in Attachment A in order to approve:

1. The naming of 18 private roads as identified in Attachment A and Attachment D.
2. The naming of 9 public streets as identified in Attachment A and Attachment D.
3. The renaming of portions of 3 public streets as identified in Attachment A and Attachment D.

## **BACKGROUND**

The Halifax Regional Municipality Charter (HRM Charter) allows Regional Council to name and rename any street or private lane by policy. In accordance with the HRM Charter, Council has adopted Administrative Order 29, Respecting HRM Civic Addressing Policies and By-law C-300, Respecting Civic Addressing. Regional Council officially approves all new street names for public streets and private roads.

### **Civic Addressing Policy and By-law**

The Civic Addressing By-law (C-300) requires that all names must be approved in accordance with the Civic Addressing Policy (the “Policy”). Schedule A of the Policy (attached as Attachment B to this report) contains the guidelines that must be followed for all new street or road names. Names are required for those streets or roads which are submitted through:

- a) the subdivision process for new public street and new private lanes; and
- b) the application process for existing un-named private lanes.

The Civic Addressing By-law defines a private road as “any street, road or travel way, which serves three or more structures or facilities and is not owned by Halifax Regional Municipality or the Province of Nova Scotia”. Therefore, all private roads providing access to three or more structures or facilities must be named.

## **DISCUSSION**

### **Cogswell District Street Names**

The redevelopment of the Cogswell District requires the addition of three new public street names. Administrative Order 46, Respecting HRM Asset Naming Policies, section 7(b), states that any new public street developed by HRM shall be given a commemorative name. In accordance with the policy, three commemorative names have been recommended for placement as part of this project.

The recommended names were selected from HRM’s existing commemorative names list by the Asset Naming Committee and additional Diversity and Inclusion staff. Each name has been previously approved by Regional Council to be included in the commemorative names list. The Asset Naming Committee selected the recommended names based on geographic appropriateness, with a focus on Indigenous and African Nova Scotian communities.

Biographies of each commemorative names being recommended are contained in Attachment E.

### **Proposed Street Naming**

The following list of street names have been reviewed in keeping with HRM’s Civic Addressing Policies and By-law and staff advise that all the proposed names are consistent with the Policies and By-law. Therefore, it is recommended that Regional Council approve all names, as contained in Attachment A.

#### **1. Private Lane Naming**

As per section 3(h) of the Civic Addressing By-law a private road means any street, road or travel way which serves three or more civic addresses and is not owned by HRM or the Province of Nova Scotia. There are at least three (3) addresses assigned to these lanes. In accordance with the By-law, any lane providing access to three or more civic addresses shall be named and any existing civic numbers will be adjusted accordingly.

## **FINANCIAL IMPLICATIONS**

The costs associated with the Administration of the Civic Addressing By-law and Administrative Order 29 can be accommodated within the 2024 operating budget for C340 Heritage and Planning Information Services with Planning and Development.

### **RISK CONSIDERATION**

There are no risks associated with the approval of the street naming proposed in this report.

If Regional Council elects to not approve some, or all, of the street naming included in Attachment A, there will be varying degrees of impact experienced by property owners and residents. In some circumstances, properties would be required to be readdressed and new street signage would be required to be installed. Not approving the street naming in Attachment A poses a risk of inconvenience to residents and property owners.

### **COMMUNITY ENGAGEMENT**

The community engagement process is consistent with the intent of the HRM Community Engagement Strategy. The level of community engagement was notification and/or consultation with affected property owners in accordance with subsection 4(2) of the Civic Addressing By-law. As per the standard consultation process all relevant property owners were notified and/or consulted.

### **ENVIRONMENTAL IMPLICATIONS**

No environmental implications were identified.

### **ALTERNATIVES**

Regional Council may refuse to approve some, or all the street naming as contained in Attachment A. This alternative is not recommended as these street names meet the street naming criteria set out in HRM's Civic Addressing Policies contained at Schedules A and B of Administrative Order 29.

### **LEGISLATIVE AUTHORITY**

*Halifax Regional Municipality Charter S.N.S 2008, c. 39*

7A The purposes of the Municipality are to

- (a) provide good government
- (b) provide services, facilities and other things that, in the opinion of the Council, are necessary or desirable for all or part of the Municipality; and
- (c) develop and maintain safe and viable communities.

s.323 The Council may

[...]

- (c) by policy, name or rename any street or private road;

## **Schedule A Street Naming Guidelines**

### **General Principles**

Uniqueness – there should be no duplication of names.

Distinctiveness – names that sound very similar should be avoided in order to avoid diction problems when people are making emergency calls under stress

Continuity – a road running in one direction should have one name only and should have the same name throughout its entire length.

### **Guidelines**

#### **Street Name Characteristics**

- A1. No name shall be duplicated including similar names that are differentiated by street type
- A2. No name shall sound like an existing name.
- A3. No name shall contain numbers, special characters, decimals, hyphens, or periods.
- A4. No double barreled names shall be permitted except for HRM place names listed in the Nova Scotia Gazetteer or approved heritage names.
- A5. No street names shall incorporate product, trademark or copyright names.
- A6. No name of more than 10 characters in length shall be permitted where the street type is more than 2 characters in length and no name of more than 11 characters in length shall be permitted where the street type is 2 characters in length except for HRM place names listed in the Nova Scotia Gazetteer or approved heritage names.

## Street Type Definitions (new streets only)

1. An appropriate street type shall be used as follows:

*Italics indicates legacy street types that are no longer acceptable in HRM.*

### Street Network Considerations

- A8. Continuous streets shall have one name throughout their entire length.
- A9. No street name shall be continued through a right angle turn.
- A10. A continuous street intersecting the same collector road more than twice shall be given a different name.
- A11. The same name shall not be used at both ends of a loop road if the middle portion of the road has not been taken over by the Municipality.
- A12. A cul-de-sac shall have a different name from its cross road.

### Water Access

- A13. Where access to a property is by water only, the street name shall be deemed to be the name of the island or waterbody as listed in the Nova Scotia Gazetteer.

### Heritage Names

- A14. The use of heritage names shall be encouraged.
- A15. All street names for the community of Bedford (Municipal District 21) shall confirm with the former Town of Bedford Street Naming Policy (1987)<sup>1</sup>.

### Theme Names

- A16. Where street names in a neighbourhood are based on a specific theme, the name of all new street within the neighbourhood shall be consistent with the theme.

## **Attachment E: Additional Information on Commemorative Names**

Under Administrative Order 46, Respecting HRM Asset Naming Policies, (A.O. 46), commemorative names can include names of individual persons, groups of people, traditions and tradition bearers, historically or culturally significant names, and geographic features. They may also contain more than the 11-character maximum for new street names.

Each of the below names meet the criteria of HRM Asset Naming Policies.

### **Amalamek**

On July 21, 2020, Regional Council approved the following recommendation from the Task Force on the Commemoration of Edward Cornwallis and the Recognition and Commemoration of Indigenous History:

*(13) That the diversity of new names for streets and other HRM assets be enhanced by working with the Mi'kmaw community to generate an expanded list of potential names*

Following this recommendation, *Amalamek*, the Mi'kmaw word for Mackerel, was approved by Regional Council on March 22, 2022, as a commemorative name meeting the criteria that it *reflects or represents traditions and or tradition bearers*.

The phonetic pronunciation for Amalamek is "Um-A-Lem-Ick".

### **Dr Alfred Waddell**

On June 28, 2022, Regional Council approved the addition of Dr Alfred Waddell to the commemorative names list. Dr Waddell's name was in consideration for the renaming of Cornwallis St (now Nora Bernard St).

Dr Alfred Waddell was nominated under the criteria of *individual(s) who have demonstrated excellence, courage or exceptional service to the citizens of HRM, NS and/or Canada*.

Dr Alfred Waddell was among the first of Dalhousie University's black doctors to graduate. He established his first practice at the southwest corner of Gottingen and Cornwallis Streets (now Nora Bernard St). Dr. Waddell dedicated his life to providing medical care to isolated, marginalized and underserved communities while speaking out against racial injustice, oppression, and segregation through lobbying and other efforts.

In addition to his role as a Doctor, Dr Waddell was also a Canadian Civil Rights activist and the founder, financial supporter, and contributor to two Black newspapers, the Clarion and the Negro Citizen. He was Viola Desmond's physician and treated her injuries after she was beaten up, arrested, and convicted of defrauding the government of 1 cent following her theatre protest in 1946. He wrote letters to the Federal and Provincial Government to have her conviction

overturned. Locally, he lobbied Halifax City to desegregate the swimming pool at the Halifax Common, successfully resulting in changing the segregation policy.

A more robust biography for Dr Waddell can be found in the initial staff report, [AN112 – HRM Asset Names – Cornwallis Street Renaming](#).

## **Reconciliation**

On June 28, 2022, Regional Council approved the addition of Reconciliation to the commemorative names list. Reconciliation was in consideration for the renaming of Cornwallis St (now Nora Bernard St).

This name was considered under the basis that the name *reflects the history and or culture of HRM's culturally diverse communities*.

In 2015, Halifax Regional Council issued a statement of Reconciliation that acknowledges the historical injustices inflicted upon and experienced by Indigenous people in Canada, particularly as a result of the Indian Residential School system.

Reconciliation is a process that requires acknowledging historical and ongoing injustices inflicted upon Indigenous people and learning about our collective commitment to one another through the Peace and Friendship Treaties signed in Mi'kma'ki/Nova Scotia. Reconciliation also means taking action to address and remediate injustice, as well as building positive relationships between Indigenous and non-Indigenous peoples that are based in respect and equality.

Reconciliation is a commitment to honouring the past, taking action today, and building a path forward, together.

## **Attachment F: Project Details of Proposed Renaming**

In accordance with Administrative Order 29 section 3A: Changes to established street or road names shall be discouraged unless:

- (a) There are public safety issues involved.

Each of the below renaming supports the avoidance of potential confusion for emergency responders and the travelling public.

### **Barrington St (Portion of)**

As part of the Cogswell District redevelopment, a reconfiguration of the existing Barrington Street will occur (see Attachment D, Map 28).

In accordance with Administrative Order 29 section A10: Continuous streets shall have one name throughout their entire length. This segment of Barrington Street will no longer connect continuously with the other Barrington Street segments. Consequently, a new street name is required.

It is recommended that this street be named 'Amalamek Way'. Additional information on this commemorative name can be found within Attachment E.

### **Upper Water St (Portion of)**

As part of the Cogswell District redevelopment, a reconfiguration of the existing Barrington Street will occur (see Attachment D, Map 29).

In accordance with Administrative Order 29 section A10: Continuous streets shall have one name throughout their entire length. This segment of Upper Water St will no longer connect continuously with the other Upper Water St segments. Consequently, a renaming of this street segment to align with the continuous street segment of Barrington St is required.

### **Wilcot Lane (Portion of)**

Following a recent development permit, it was identified that a portion of the public street, Wilcot Lane, Dartmouth was non-continuous with the remainder of the street (see attachment D, map 30). In accordance with Administrative Order 29 section A10: Continuous streets shall have one name throughout their entire length.

Additionally, a secondary issue was identified that the development would create an inadequate supply of civic numbers along this street segment.

To resolve this safety concern, a new street name is required. Civic addressing staff have consulted with the three impacted property owners who have selected the name 'Hooper Lane' for this street segment. This name meets the street policies outlined in Attachment B.
