Subject: Special Care Shared Housing Planning Strategies		
Motion for Council to Consider: That Regional Council direct the CAO to review the Regional Municipal Planning Strategy and all applicable secondary municipal planning strategies and land use by-laws and engage with the relevant provincial departments, to assess the scale and location of shared housing with special care and return to Council with a staff report.		
Reason: In 2023, Regional Council adopted amendments to municipal planning strategies and land use by-laws to allow a region wide approach to shared housing, including shared housing with special care such as rehabilitation facilities. While these facilities are an important part of our community services and health care systems, they have unique needs that may not fit in residential areas that lack the wrap around services and amenities required to serve the people accessing these services.		
Outcome Sought: Staff report on Special Care Shared Housing
