Acknowledgements

Land

Halifax Regional Municipality acknowledges would like to acknowledge that we are in Mi'kma'ki, the unceded and traditional lands of the Mi'kmaq people. Kijpuktuk (Halifax) is home to three of Nova Scotia's 13 First Nation communities, including Millbrook First Nation, Sipekne'katik First Nation, and Wasoqopa'q (Acadia) First Nation. We also acknowledge the Peace and Friendship signed on this land and recognize we are all Treaty People and as such, we recognize that we all benefit from the wisdom and knowledge of the Indigenous people. We recognize and respect the deep history of the Mi'kmaq as the caretakers of this land, past present, and future, and as responsible collaborators, we commit to honoring the land. We commit to ongoing learning and working towards Truth and Reconciliation by actively building relationships with Indigenous communities, following the Truth and Reconciliation Calls to Action, and taking accountability.

History

The Playbook is a result of community engagement with parents of children with disabilities. Feedback led to the Halifax Regional Municipality Parks and Recreation Department to taking the lead role in the development of a resource guide for sport and recreation opportunities for individuals with disabilities and those who require extra support. The Playbook is also a resource for service providers in helping to offer a variety of options for all Nova Scotians.

Development

The original Playbook was developed in 2017.

The 2024 Edition was updated by:

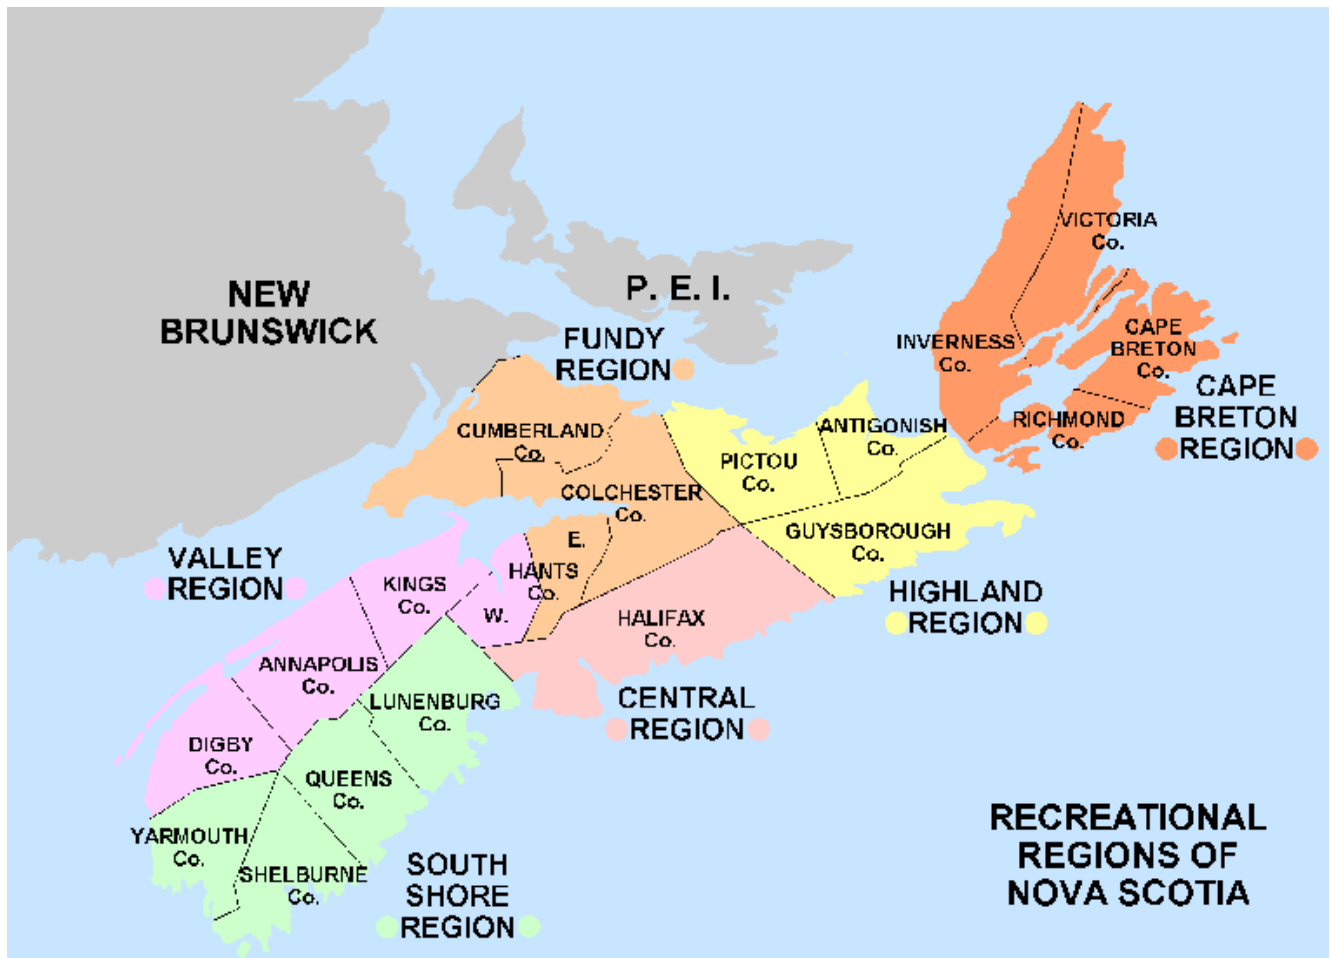

Jordan Xidos, Practicum Student, Therapeutic Recreation, Nova Scotia Community College

Description:

Joy Sparks is a project designed to find and share the little things that spark joy in your daily life.

Here at reachAbility we've heard a lot from our clients and community partners about the increase in stress, anxiety, and depression they're experiencing directly or witnessing among their clientele since the beginning of the Covid-19 pandemic.

One of the things that sparks the most joy for us is accessible content! Many mental health resources, especially those with video content, are inaccessible to some degree to those with low/no vision or low/no hearing. Most social media marketing for these programs is similarly inaccessible. As with all reachAbility content, we are committed to making our all elements of the Joy Sparks project as accessible as possible. This means closed captioning on all our video content, alt-text and camel-text on all photo content, and online written content that is presented in plain language, in easily readable font, and in a way that is compatible with all common screen readers.

902-667-8244 (from 8:30-4:30)

Description:

SMILE is a Saturday morning gym and swim program available for children and youth who have special needs ages 3-21 years. We have over 55 children participate each year. The program is offered to those who may otherwise not be able to participate in typical recreation programs due to their unique developmental needs. Each child is paired with a dedicated volunteer student from Mount Allison University to enjoy a wonderful morning at the YMCA. We provide specialized equipment and the one-on-one support the children need to fully participate in the program. The program offers so much to the families, children and volunteers. It is a respite break for the parents, a chance for family connections, a recreational and social experience for the children and a great leadership experience for the Mount Allison University students.

SMILE is a partnership program with the Cumberland YMCA as they graciously donate the use of their facility, and with Mount Allison University as all 60 volunteers are from Mt. A.

Acadia Minor Hockey: Sledge Hockey – Digby to Windsor

Contact Information:

http://acadiaminorhockey.com/page.php?page_id=32685
ualbert@me.com

Description:

Sledge Hockey is a game played in a sled specially designed for hockey. It has an aluminum frame, a heavy plastic bucket for sitting and 2 skate like blades under the bucket. The players use 2 sticks specially designed for sledge hockey. The stick has a hockey blade at one end and at the other there are picks which dig into the ice to propel the player and allow for maneuvering around the ice surface.

5 on 5 with goalies similar to hockey. Most of the rules are the same with some special rules to

take into account the sleds, for example there is no "T-boning" another player with the sled. For the most part in Minor Hockey there is little contact and in our AMHA program there is no checking.

This program serves athletes from Digby to Windsor.

Access 2 (Canada Wide)

Contact Information:

www.access2card.ca

Description:

Launched in December 2004, the Access 2 Card program helps to ensure that entertainment, cultural and recreational opportunities are more available and accessible to all. Through the program, people with disabilities who require a support person carry a personal Access 2 Card with them. The card indicates to the ticket seller that the individual does indeed require the assistance of a support person.

Participating venues grant one free admission or discounted admission for the support person while the Access 2 cardholder pays their regular admission fee.

To obtain a card, an application form must be submitted by a person with a disability who requires the assistance of a support person. The application must be authorized by a registered health care or disability service provider.

Easter Seals Canada administers the application and delivery of the card.

The Access 2 website has a full list of participating venues.

Halifax Regional Municipality Inclusion Support Information

Parks and Recreation invites individuals of all abilities to participate in our recreation and leisure programs. The municipality is committed to providing safe and accessible programs for everyone to enjoy. We recognize that some of our citizens will require assistance to participate via adapted equipment, program modification, and/or through the provision of one-to-one inclusion support.

If you require more information on Inclusion, please contact your local Community Recreation Centre or the Inclusion and Access Specialists at Inclusion@halifax.ca or 902-490-4410.

HRM recreation staff encourage everyone to get active:

- Meet family and individuals prior to the start of the program to identify appropriate program options and the supports required to assist the participant
- Will make every effort to accommodate support requirements based on HRM resources and service demands
- Encourage parents/guardians and individuals to visit the programs
- Provide program orientation and training to staff

You can help make the Inclusion experience a success by:

- Contacting HRM a minimum of 2 weeks prior to the program start date
- Assisting staff in identifying the recreational interests of you or the participant
- Sharing relevant information that will promote a successful experience
- Completing the participant information forms and reviewing the medical and behavioural policies
- Connecting with program staff at least two weeks prior to start of programs
- Assisting in the training of staff to meet the participant's need/requirements, when applicable and appropriate within HRM policies and procedures
- Committing to open communication and problem solving with staff

We see inclusion as a partnership between HRM staff and families. We believe inclusive and accessible leisure services are essential to everyone's quality of life.
