Hello Olawumi

Peter Duinker PhD from Dalhousie University has agreed to speak at our March 6th meeting of the Point Pleasant Park Advisory Committee. Dr Duinker was a contributor to the Point Pleasant Park Comprehensive Plan (October 2008).

Dr Duinker will address the Committee about the Park's woodlands and fire. He is currently Co-Chair the HRM Wildfire Advisory Committee and is thinking about woodland fire in HRM. In preparation, he would like to review the Comprehensive Plan prior to the meeting. He would also like to meet with Ian Kennedy and Adam Cornick and have a walk-through to talk about what's been happening regarding managing the woods in the past decade. Please include me in this discussion.

His contact information is the following:

Peter N. Duinker, PhD
Professor Emeritus
