RAMADAN 2025: A HOLY MONTH OF GRATITUDE!

This year, the holy month of Ramadan begins at the first sighting of the crescent

Moon on Saturday, March 1.

In practicing the self-restraint and gratitude that Ramadan involves, adult Muslims fast from dawn until dusk at this time and exhibit goodwill through acts of kindness and charity.

Ramadan is the ninth month of the Muslim calendar and begins and ends with the appearance of the crescent moon. Ramadan is expected to last from March 1 to March 29 in 2025. However, these dates can vary slightly depending on the crescent moon's appearance.

Ramadan Mubarak – Blessed Ramadan!

SIGNAL OPERATIONS CHANGE OF DUNBRACK AND WILLETT STREETS

The Halifax Regional Municipality is advising residents of changes to signal operations at

the intersection of Dunbrack and Willett streets.

The intersection now operates with fully protected left turns from the Dunbrack Street approaches, meaning motorists can no longer turn left without the flashing green left arrow. On the green arrow, drivers are given the right-of-way to complete left turns free of any other traffic or pedestrian conflicts. The amber arrow warns drivers that the left-turn phase is ending. Once the red ball is displayed on the left turn signal heads, motorists waiting to execute the left-turn movement must wait for the green arrow display during the next cycle.

This change resulted from in-service safety assessments of the intersection which recommended fully protected left turn phasing as an option to address potential left turn conflict with pedestrians and with other vehicles.

This change supports the municipality’s [Road Safety Strategy](#), which aims to reduce fatal and injury collisions on municipal roadways.

For more information about the Road Safety Strategy and other road safety countermeasures, visit halifax.ca/roadsafety.

HALIFAX TRANSIT SERVICE CHANGES

Halifax Transit [service changes](#), effective as of February 24, are part of Halifax Transit's [2024/25 Annual Service Plan](#), approved by Regional Council on April 23, 2024. These service changes also include the latest installment of the [Moving Forward Together Plan \(MFTP\)](#), Halifax Transit's long-term plan to better align the transit network with the needs of the municipality's residents now and into the future. Approved by Halifax Regional Council in 2016, the plan initiated a complete network redesign of Halifax Transit's service.

Q: Why are there 25 trips being reinstated?

A: In February 2023, Halifax Transit announced ongoing service reductions due to staffing challenges. With these service changes, 25 previously cancelled trips on 11 routes will be reinstated, with four of these routes returning to full service, on Feb. 24.

Q: How can I find out more information about the changes?

A: Visit our website for up-to-date changes to routes and schedules, including maps.

Q: Was there any consultation to inform these changes?

A: Halifax Transit regularly tracks route performance to improve service quality and ontime performance. Halifax Transit presents an Annual Service Plan as part of the public budget and business planning process. This includes opportunities for public input. Halifax Transit also receives feedback from residents through 311 and from Regional Council to determine where improvements can be made. The changes taking effect on Feb. 24 for Route 196 are part of the Moving Forward Together Plan, Halifax Transit’s long-term plan to better align the transit network with the needs of residents now and into the future, which included extensive public consultation. To view recent reports on Halifax Transit services, visit our website.

Q: Will trip planning apps (ex. Google Maps, Transit App) provide new route and scheduling information by Feb. 24?

A: Yes, service changes coming into effect Feb. 24 will be reflected in trip planning apps. In addition, routing changes and new bay assignments associated with the re-opening of Scotia Square terminal in December 2024 will be reflected in trip planning apps. While Halifax Transit provides transit data for public use, the municipality does not have a standalone trip planning app.

March 2025

Q: When was the last service change to Halifax Transit?

A: The last service changes came into effect November 18, 2024.

EXTRA CARE ACCESSIBLE TAXI SERVICE

Halifax Regional Municipality supports an accessible taxi service, [Extra Care Taxi](#), that operates vehicles 24 hours a day, 7 days a week across the

municipality. Passengers pay the standard taxi rate for trips.

Bookings can be made by phone at 902.334.0334, [online](#), or through the [Extra Care Taxi App](#), found at the Google Play store or the Apple Store.

In March 2022, Regional Council [approved a staff recommendation](#) to grant a three-year contract to Extra Care Taxi. The municipality's support for an accessible taxi service is based on feedback from:

- Residents and visitors citing the lack of accessible vehicles, making spontaneous trips a challenge.
- Service providers about the high costs of providing accessible taxi services.
- The municipality's *Accessibility Strategy*, which mandates the creation of an inclusive environment for individuals with disabilities and acknowledges the need to create accessibility for all, regardless of ability.

LEADERSHIP & COMMUNITY TRAINING

Starting this spring, Neighbourhood & Volunteer Services (NVS) will offer a wide selection of FREE 101-level workshops for residents.

PARKS & RECREATION FEES CHANGING APRIL 1

In 2022, changes to the Parks & Recreation fee structure for

recreation programs, services, rentals, drop-ins
March 2025

and membership fees were announced. In accordance with the five-year fee structure changes, Parks & Recreation fees, including membership fees, will be increasing effective April 1, 2025.

The fee changes will provide more clarity and predictability for residents:

- New user categories will be based on the age group and type of organization.
- Consistent subsidization for fee categories. For example, the fee structure will ensure all youth programs across the municipality receive the same subsidy.
- Reduced risk of unexpected fee increases. The new fee structure accounts for inflation, helping to reduce unexpected and potentially significant fee increases.
- Predictable five-year review cycle. New requirement to review fee structure every five years.
- No user charge for Parks that are rented for public events that are open to the public, non-exclusive and free of charge.
- Overall standardization, consistency and transparency of fees across the municipality.

If you have any questions regarding how the Parks and Recreation fee changes will affect you, please email myREC@halifax.ca.

ACCESSIBILITY STRATEGY APPROVED

Halifax Regional Council has approved the [2025/28 Accessibility](#)

[Strategy](#), representing an important step in our continued commitment to a more accessible region.

The 2025/28 Accessibility Strategy focuses on how we can improve accessibility throughout the municipality by identifying, removing and

preventing barriers for persons with disabilities.

In line with the Nova Scotia Accessibility Act, the 2025/28 Accessibility Strategy has 30 recommendations with five key focus areas:

- Transportation and Transportation Infrastructure

- Goods and Services
- Employment

Through deliberate and conscious planning and with this strategy as our guide, the municipality will work diligently to make our municipality a more inclusive place. For more information, click [here](#) to read the staff report.

COMMUNITY MEDIATION PROJECT

I'm excited to share that Regional Council has approved funding for a

Staff propose a one-year community mediation pilot (with the possibility of year-by-year renewals).

Once approved in the 2025 Operating Budget, Council has directed the Chief Administrative Officer to provide a contribution of \$100,000 to the United Way of Halifax to create and implement this pilot program.

For more information, read the [staff report](#).
