### **RECOMMENDATION**

It is recommended that the Board of Police Commissioners forward the report dated April 24, 2025 to Regional Council for information.

### **BACKGROUND**

The Board of Police Commissioners is a municipal body required by provincial statute (*Police Act*, S.N.S. 2004, c. 31) for any municipality in Nova Scotia that establishes a municipal police department. The Board gets its authorization from the *Police Act* s. 55(1) and is responsible for providing civilian governance and oversight on behalf of Halifax Regional Council. The Board's roles and responsibilities are further explained in the Board's terms of reference in By-law P-100, the *Board of Police Commissioners' By-law*.

The Board's civilian governance extends to the enforcement of the law, the maintenance of law and order, and the administrative direction, organization and policy development required to maintain an adequate, effective, and efficient police service delivery reflecting the needs and values of the community. Although the Board is responsible for the creation of the budget for the Halifax Regional Police (HRP), it has no power to raise revenue on its own behalf, and the final budget must be approved by Regional Council (*Police Act*, s. 53).

Further to section 68(2) of the *Halifax Regional Municipality Charter* (S.N.S. 2008, c. 39), Regional Council has elected to share the responsibility for policing within the Municipality between HRP and the Royal Canadian Mounted Police (RCMP). Thus, the Board has a dual role. First, it provides civilian governance on behalf of Regional Council in relation to the enforcement of the law, the maintenance of law and order and the prevention of crime in the municipality and administrative direction, organization, and policy for the Regional Police. Secondly, it acts as an advisory board to the Halifax District RCMP (*Police Act*, s. 57(1)). As the RCMP is federally regulated, the Board provides advice to Council and the District RCMP in relation to the enforcement of the law, the maintenance of law and order and the prevention of crime in the municipality.

There are seven members on the Board of Police Commissioners; six are appointed by Regional Council and one is appointed by the Nova Scotia Minister of Justice. Of the six commissioners appointed by Regional Council, three are Councillors and three are community members. Through this composition, the Board seeks to act as the link between the community and police services in the Municipality. The Board designates a representative to sit on the Nova Scotia Association of Police Governance and a commissioner also represents Nova Scotia on the board of directors of the Canadian Association of Police Governance.

### **DISCUSSION**

The section headings below align those required under bylaw P-100, passed by Regional Council in October 2024.

*Message from the Chair*

*I am honoured to have recently been appointed Chair of the Halifax Regional Municipality's Board of Police Commissioners (BoPC). The BoPC plays a critical role in providing civilian governance and oversight of the Halifax Regional Police (HRP) on behalf of Regional Council and serves as the Police Advisory Board to the Halifax District Royal Canadian Mounted Police (HRD).*

*Over the past year, we have witnessed several significant developments that will shape our approach to community safety and policing for years to come.*

*In late 2024, Bylaw P-100—the municipality's police bylaw—was updated for the first time since amalgamation. This important change led to the creation of a new and transformative leadership position: the Commissioner of Public Safety. This role, now held by Bill Moore, provides oversight of policing, fire services, and broader community safety efforts—marking a profound evolution in our governance structure.*

*We also saw key leadership transitions in our police services. We welcomed Chief Donald MacLean as Halifax's new Chief of Police, and I look forward to working together to continue strengthening our community-focused policing efforts. The retirement of Officer in Charge Jeff Christie marked the end of an era, and I extend heartfelt congratulations and gratitude to him for his dedicated service. I am also pleased to announce that Superintendent John Duff will soon take on the role of Officer in Charge for the Halifax District RCMP. Though he currently serves in Manitoba, Supt. Duff is originally from Halifax and comes from a proud legacy in policing.*

*Following the recent municipal election, the composition of the Board has also changed. I warmly welcome Councillor Virginia Hinch and Deputy Mayor Tony Mancini, who have been appointed by Regional Council. We also welcome Dr. Vincent Beswick-Escanlar, who joins the Board following the conclusion of Gavin Giles' term. I look forward to collaborating with our new members, as well as with returning Commissioners Yemi Akindoju and Councillor Becky Kent. I also want to express my sincere thanks to our former Commissioners for their important contributions and dedicated service.*

*It is with heartfelt sadness that I acknowledge the recent passing of two former Commissioners whose contributions left a lasting mark on our community. Harry Critchley was a passionate advocate for social justice whose unwavering commitment to equity and community well-being profoundly shaped the work of the Board. We also honour the memory of Audrey Marie Goodyer, Dartmouth's first policewoman and a dedicated former Commissioner.*

*Amid these transitions, the BoPC has remained focused on meaningful progress. Notable achievements this past year include Assistant Commissioner Dennis Daley's formal apology to African Nova Scotians and all people of African descent for the RCMP's historic use of street checks—an important step toward reconciliation and a direct response to recommendations in the Wortley Report, which continues to guide much of our work.*

*We also received the Independent Review of the August 18, 2021 encampment evictions. This report contains critical recommendations that will strengthen the Board's oversight and governance responsibilities moving forward. The launch of the BoPC's first-ever independent community survey on policing will enhance our ability to ensure that community needs and values are reflected in policing priorities.*

*Both police services are making significant strides toward implementing body-worn cameras and, aligned with the Police Transformation Study's recommendation to pursue a more integrated model of service*

*delivery, HRP and HRD have increased collaboration. A notable example is the Board's approval of a pilot project for HRP's participation in the RCMP's Sexual Assault Investigations Review Committee (SAIRC). Going forward, the two services will also begin preparing integrated crime statistics for presentation to the BoPC.*

*Additionally, on the Board's recommendation, Regional Council recently approved the addition of 14 new RCMP officers, along with key service enhancements to HRP. These developments, combined with new funding for a pilot community crisis diversion service—approved as part of the 2025/26 Community Safety Budget—represent a strong step toward ensuring that the right services are available to support residents in times of crisis.*

*After a year marked by transformation, I look forward to settling into my role as Chair and building on the positive momentum we've achieved together. I remain committed to working collaboratively to support safer, healthier communities across Halifax.*

*Sincerely,  
Greg O'Malley  
Chair, Halifax Board of Police Commissioners*

### Oversight and Review

The Board provides strategic direction and oversight through **collaborative but independent relationships** with the chief officers of HRP and HRD. We regularly **review and assess performance**, guided by Board-approved policies. In February, Supt John Duff was announced as the new Officer in Charge for HRD, following the retirement of Jeff Christie in November. Supt Don Moser is acting in the position during the interim period. Finally, in February, Bill Moore was named Commissioner of Public Safety. This position was created following the adoption of a new police bylaw by Regional Council in October.

*Actions taken by the Board with respect to strategic objectives*

The Board met 18 times in the 2024-2025 fiscal year. The major topics that were considered during the fiscal year are outlined below. The full 2024-2025 workplan outcomes are included as Attachment 1. Additional information, including minutes and archived video of meetings can be viewed online at <https://www.halifax.ca/city-hall/boards-committees-commissions/a-c/board-police-commissioners>

**2025-2026 HRP and RCMP Operating Budget**

In accordance with the Board's mandate under Sections 53 and 55 of the *Police Act*, the Board reviewed the HRP's 2025-2026 operating budget and capital budget. Although not within the Board's statutory mandate, the Board also received an overview of the RCMP's operating budget.

In January, the Board held a special virtual meeting to provide the public an opportunity to speak regarding the proposed operating budget. This meeting helped fulfill the Board's role and responsibility to act as a conduit between the community and the police (*Police Act*, per s. 55(3)(e) and By-Law P-100, s. 8(2)(a).

The Board received input and feedback from 27 registered speakers as well as 10 written submissions regarding HRP's 2025-2026 proposed operating budget. The main themes expressed by the members of the public that participated included:

- Encouragement for the Board to consider de-tasking the police such as by reallocating funds to community social and mental health services;
- Concerns with HRP's approach to mental health calls and victims of sexual assault;
- Requests that the Board implement recommendations contained in the Board's Subcommittee to Define Defunding Police report, the Mass Casualty Commission report and the Independent Civilian Review into August 18 2021 Evictions report;
- Concerns about the police's relationship with marginalized communities;
- Opposition to HRP's request for an armoured rescue vehicle;
- Request for evidence that increased police funding resulted in improved community safety; and
- Concerns that that input provided in the public consultation process was dismissed, that the Board is not responsive to community members, and the consultation process does not allow for meaningful discourse.

Many comments from members of the public pertained to items not within the HRP budget or within the mandate of the BoPC, related to topics such as mental health, addictions, community or social services and support, and homelessness.

On January 15<sup>th</sup>, the Board recommended that Halifax Regional Council approve the proposed 2025/26 Halifax Regional Police Operating Budget of \$101,255,700. At the same meeting, the Board recommended that the Halifax Regional Municipality Budget Committee support the Royal Canadian Mounted Police Halifax Regional Detachment (RCMP HRD) resource request for additional fourteen (14) regular member positions.

**Mass Casualty Commission and Public Safety Report Alignment**

In June, the Board received a report outlining areas of alignment between recommendations and actions contained in the Wortley Report, Defund Report, Public Safety Strategy, Police Transformation Study and Mass Casualty Commission Final Report. In August, the Board requested the HRP and HRD to provide updates on local progress made against the themes identified by the Progress Monitoring Committee (PMC) following the release of each biannual Progress Monitoring Committee public update. This report was also provided to Regional Council

### **Body Worn Cameras**

In June and February, the Board received presentations from HRP and HRD providing a status update regarding the Digital Evidence Management System (DEMS) and Body-Worn Cameras (BWCs). The Board recommended funding for DEMS and BWCs during the budget process.

### **Community Survey on Policing**

In June, the Board received a report on a community survey on policing. The Board created an ad hoc Committee to produce a proposal for a community survey on policing. In September, the Board requested Regional Council to allocate \$25,000 in its 2025-2026 budget for the purpose of conducting an independent community survey on policing. This funding was approved as part of Regional Council's 2025-2026 operating budget.

### **Independent Civilian Review**

In September, the Board received the report *Halifax Independent Civilian Review into August 18, 2021 Encampment Evictions*. The Board requested that the report's recommendations be reviewed and that an update be provided at a future meeting. In February, the Board received an update on progress made in meeting the report's recommendations, and referred the progress report to Regional Council.

### **Police Standards**

In October, the Board requested a staff report assessing compliance of exiting police services, related standards, policies, and practices to the Province of Nova Scotia's Updated Standards on Policing.

### **Off Duty and Extra Duty Employment**

In November, following a period of public comment, the Board approved revised off duty and extra duty policies for inclusion in its policy manual.

### **Sexual Assault Investigations Review Committee**

In December, the Board requested HRP and HRD to participate in the RCMP H Division Sexual Assault Investigations Review Committee for a trial period and to return with an update and a recommendation as to continued participation.

### **Facility Plan**

In February, the Board requested that staff proceed with an in-depth analysis of three potential sites that have been short listed as potential sites for the development of a new Halifax Police headquarters and that a further, more detailed needs assessment be conducted based on HRP and HRD service delivery strategies and anticipated organizational growth.

### **Board of Police Commissioners' Policy Manual**

The Board approved several amendments and additions to its Policy Manual, including clarifying its process for going in camera, adopting an attendance policy, a revised self-evaluation policy, and several housekeeping amendments. The Board also requested the creation of new policies in the areas of Use of Force and policing and homelessness.

### **Presentations to the Board of Police Commissioners**

The Board of Police Commissioners Policy Manual contains a policy regarding Delegations/Presentations, which provides the Board the opportunity to receive presentations from the public. Presentation topics must relate to police services or policies, affect the community, not an individual, and relate to the Board's oversight role, not to day-to-day police operations. In 2024-2025 the Board received outside presentations, on the following topics:

8.3.1 Nancy Saunders, Caregivers for Collaborative Mental Health Care re: reducing mental illness and addictions distress in HRM [PDF] September 4

“The use of polygraphs by Halifax Regional Police” (Matt Stickland, May 3<sup>rd</sup>)

“Police Enforcement and Issuance of Summary Offence Tickets” (Norm Collins, The Crosswalk Safety Society of Nova Scotia December, December 13<sup>th</sup>)

More information regarding individual presentations can be viewed online at: <https://www.halifax.ca/city-hall/agendas-meetings-report>

*Board’s performance over the last fiscal year*

In accordance with [the Board’s self evaluation policy](#), Board members completed a self evaluation in March 2025. With the provincial appointee position being vacant and the term of one Regional Council appointee ending in March, the self-evaluation form was completed by 5 members. 3 of the 5 were members for the entire 24-25 fiscal year, while the remaining 2 members were appointed to the board in November.

The results of the self evaluation indicate varying levels of agreement and satisfaction across different aspects of board performance, governance, and relationships with key personnel. Areas such as board composition, meeting management, and financial oversight show strengths, while community engagement indicates a need for improvement.

The table below highlights areas for improvement from the self evaluation and how these findings are reflected in the board's 2025-2026 workplan.
