Hi Tony and Andrea,

Thank you for this information. I would be happy to present my findings regarding the restructuring of crisis response models into civilian-led teams at either the June 4<sup>th</sup> or the September 3<sup>rd</sup> BoPC meeting.

The outline of my presentation will likely be as follows, with a goal of conveying information (i.e., no desired outcome):

- Briefly situate the research in the current social and political climate
- Overview of our findings (i.e., major key themes identified across the literature relating to how existing crisis response programs have been restructured into civilian-led teams).
- Future directions and proposed next steps

Please let me know if you have any questions and/or require any additional information from me! Thanks again.

All my best,  
Megan
