Subject: [External Email] Presentation Request - CPED - Construction Mitigation

[This email has been received from an external person or system]

Hello,

Reaching out to see if it would be possible to present at the next sitting of the **CPED standing committee**. The topic would be surrounding the **feasibility of implementing a construction mitigation fund in the HRM**. The desired outcome would be that the committee direct staff to undertake a feasibility study/jurisdictional scan to see if the HRM would be capable to implement a construction mitigation fund if amendments were made to the HRM Charter.

Our presentation would highlight the impact construction projects have on small businesses and provide information on construction mitigation funds in place in Calgary and Montreal.

I would be representing the Canadian Federation of Independent Business which has 1,450 members in the municipality.

Sincerely,

Duncan Robertson (He/Him)
Director, Legislative Affairs (Nova Scotia)
