Hammonds Plains - Upper Hammonds Plains - Lucasville - Middle & Upper Sackville

WELCOME JULY!

Happy Kana'ta: Canada Day! As we look forward to celebrating our 158th anniversary of Confederation, I think back on these words from Canada's 13th Prime Minister John Diefenbaker: *"I am a Canadian, free to speak without fear, free to worship in my own way, free to stand for what I think right, free to oppose what I believe wrong, or free to choose those who shall govern my country."* I encourage you to celebrate this great country of ours by attending local festivities.

HALIFAX

The Halifax Regional Municipality is making a change to how it shares information and connects with residents on social media.

We're phasing out our use of X and replacing it with Bluesky. The following municipal accounts are now active on Bluesky:

- Main account: [@hfxgov.bsky.social](https://twitter.com/hfxgov.bsky.social)

On the main municipal Bluesky account, residents can expect to see similar content to what has typically been shared on the main account for X (@hfxgov), such as news about projects, strategic initiatives, special events, service disruptions, traffic impacts and timely updates during severe weather events or emergencies.

The report was based on extensive community engagement, a gap-and-needs analysis, and consultation with stakeholders, service providers, community members, and members of the Regional Council.

Key initiatives include creating a Rural Transit Advisory Group to guide implementation, adding a new capital grant funding stream, developing a professional training and support program for providers, exploring fare integration with Halifax Transit, and preparing a Microtransit Service Plan to address gaps in service delivery.

This work is expected to proceed in phases starting in the 2025/26 fiscal year, with funding already approved in the current budget. Additional funding may be considered in future reports as initiatives move forward.

RURAL TRANSIT INITIATIVE APPROVED BY TRANSPORTATION STANDING COMMITTEE

The Transportation Standing Committee has approved a set of recommendations to help strengthen transit service in

rural communities across Halifax Regional Municipality.

The recommendations follow a review of the Rural Transit Funding Program, which was first implemented in 2014 to provide financial support to non-profit providers that serve areas outside Halifax Transit’s main service boundary.

TEST DRIVE AN ELECTRIC VEHICLE THIS SUMMER

Curious about what it’s like to drive an electric vehicle (EV)? Now’s your chance to find out, right

here in our community.

The municipality’s Clean Energy team is once again partnering with Next Ride to offer free EV test drives across the region this summer. Last year, 338 residents had the chance to get behind the wheel, learning firsthand how EVs perform and how our growing charging network supports their use.

With more Level 2 and Level 3 fast chargers being installed across the municipality, it's easier than ever to consider making the switch to electric. Whether you're interested in reducing your emissions, saving on fuel, or just curious about technology, this is a great opportunity to learn more.

Sixteen events are scheduled for this year, and some locations do fill up quickly. If you're in a rural area like Musquodoboit Harbour, we'd especially love to see more local engagement, so please help spread the word!

You can find full event details and learn more about the municipality's EV charging network by clicking [here](#).

ADAPTIVE EQUIPMENT AVAILABLE

We have a variety of adaptive equipment

available to borrow to help you get out and about this spring and summer such as: Hippocamps, Beach chair and GRIT chair.

For further information

please email inclusion@halifax.ca.

OFF-LEASH DOG PARKS

Select playing fields are available as off-leash dog areas from June 1 to Nov. 1.

Please note that dogs must be on leash in municipal

parks unless signage indicates otherwise. For more information, click [here](#).

PACK-IN & PACK-OUT

When enjoying our beautiful parks, trails, and beaches, remember to pack-in and pack-out. That means bringing everything

you need and taking it all with you when you leave.

Keeping our shared spaces clean helps protect nature and ensures everyone can enjoy them. Let's all do our part to keep Halifax green and clean.

COUNCIL VOTE REGARDING BIKE LANE CONSTRUCTION

At the June 11 meeting, Regional Council considered a motion brought forward by Mayor Andy Fillmore regarding upcoming bike lane projects.

The motion proposed that the municipality temporarily pause awarding any new bike lane design or construction capital project contracts until Council received a supplementary staff report outlining:

1. A list of bike lane projects proposed in the current four-year capital plan that could reduce vehicular traffic capacity and/or increase traffic congestion; and
2. An assessment of the feasibility of alternative network solutions that could achieve active transportation goals while maintaining or improving current traffic flow.

The motion was defeated in a 12–5 vote.

Following the vote, Council considered and approved a separate motion related to the [Morris Street project](#) directing staff to provide alternatives that would allow two-way traffic on

Morris Street while still meeting the project's transportation goals. That report is expected to come forward at the July 8 meeting of Regional Council. A Brunswick Street alternative motion, which sought to maintain vehicular lanes while delivering a protected bike lane, was defeated.

At the June 25 meeting, Council voted in favour of a new motion requesting a staff report outlining:

- A list of AAA bike network capital projects proposed for the 2026–2029 fiscal years and their estimated budgets;
- An assessment of alternative network solutions that could reduce future costs; and
- Opportunities for additional external funding sources.

The motion also included a request to break down project budgets by general traffic, public space, pedestrian, and bike lane components. A proposed amendment to include a full cost-benefit analysis was not adopted. The requested staff report is expected to return to Council in December.

It was an honour to attend the Special Olympics Opening Ceremony with Mayor Andy Fillmore, District 15 Councillor Billy Gillis and MLA Paul Wozney. This was the 33rd annual Special Olympics sponsored by the Knights of Columbus Sackville Council 7077.

It's always great to meet with my provincial counterpart, MLA Rick Burns, to discuss issues of concern in Hammonds Plains/Upper Hammonds Plains/Lucasville and various areas of District 14. We discussed issues such as egress, traffic congestion, SPA's, transit, new development, Link NS, infrastructure and more. It was great having two levels of government working together for the betterment of the community.

It was a pleasure to recognize Volunteer Firefighter Leonard Parsons Sr. as he received the AED Presentation at the Wallace Lucas Community Centre. To all the Firefighters and First Responders past and present, **thank you for your service.**

District 15 Councilor Billy Gillis and I hosted a Meet 'n Greet at the Sackville Library for the Sackville Business Association.
