

Project Rationale

This is a required document for an Affordable Housing Grant Program (AHGP) application. All questions applicable to the stream you are applying for (other than those marked as optional) must be answered in full for the application to be considered complete.

Applicant:

Project title:

Organization Information

1. Provide a description of your organization, including communities served and services provided.
2. How many years has your organization been providing housing? If your organization does not yet provide housing, enter N/A.

3. List any other residential properties your organization owns and/or manages. If your organization does not currently own or operate any housing, enter N/A.

4. List any similar projects your organization has contributed to or led. If your organization has not participated in any similar projects, enter N/A.

5. Additional information on your organization to support your application (optional)

Project Details

This question is only required if you are submitting a pre-development application:

6. Indicate why each of the proposed studies are required for project feasibility.

This question is only required if you are submitting an acquisition application:

7. Describe the importance of the proposed acquisition for maintaining the availability of affordable housing.

8. Describe the level of affordability of the proposed project.

9. How will the proposed project incorporate environmentally sustainable design?

10. How will the proposed project incorporate accessible design?

11. How will the proposed project incorporate social equity?

This question is only required if you are submitting a repair/renovation application:

12. Describe how the proposed repairs or renovations address life safety concerns, if applicable.

This question is only required if you are submitting a repair/renovation application:

13. Describe how the proposed repairs or renovations are necessary to maintain habitability of the affordable units, if applicable.

14. Please list all members of the project management team, and any relevant experience.

15. Additional project information to support your application (optional):

Funding

16. List any confirmed funding for the proposed project from other sources.

17. List any pending funding for the proposed project from other sources.

18. Describe how your organization will cover operating expenses, including any confirmed or pending funding from other levels of government.

19. How would the funding amount proposed in this allocation impact project feasibility and affordability of the housing.

20. Additional funding information to support your application (optional):
