Subject: [External Email] Request for presentation at Environment & and Sustainability standing committee Summer 2025

[This email has been received from an external person or system]

Attention Clerks office,

Re:

Request for presentation at Environment & and Sustainability standing committee
Summer 2025

Thank you for the acknowledgement of the request to present at the HRM ESSCs next meeting regarding The Natural Edge Program.

I have attached a preliminary slide deck which I can update when we have a scheduled presentation slot:

[REDACTED]
[REDACTED]
[REDACTED]

Requests for the ESSC council membership to consider include:

- Support in general for The Natural Edge Program.
- Support a discussion and staff report to partner in Native Species priority gardening in HRM greenhouses.
- Support for a request to consider formal partnership in growing Lakeshore specific species with the local nonprofit Re-imagining Atlantic Harbours league (RAH2050) as RAH2050 is a provincial delivery partner with Watersheds Canada Natural Edge Program. RAH2050 has delivered over 4000 (2025) local individualized stewardship property reports and over 10 Lake Summary reports in the last 5 years as the delivery partner of the Canadian Wildlife Federation's Love Your Lake (LYL) program. Reference to the LYL program can be made from presentations on record at the E. Marine Dr. Community Council in 2021 & 2022.

Thank you for your correspondence on this request, it is very appreciated.

Sincerely, Kelly Schnare
