[This email has been received from an external person or system]

Dear Clerk,

My name is Talan Iscan and I am writing on behalf of the Halifax Cycling Coalition. I would like to be included on the agenda for the Monday, December 8, 2025, Transportation Standing Committee meeting.

I would like to present to the members of the Committee on the *Benefits and Costs of Active Mobility Infrastructure Projects in the HRM*. The topic is relevant for this Committee because members are routinely presented with financial costs of such investments and HCC wants to intervene and request that HRM also consider the benefits of such projects when making budget and investment decisions.

Once it is confirmed that my presentation will be on the agenda, I will share with you a slide presentation that I will be using.

Respectfully submitted,
Talan Iscan
Halifax Cycling Coalition,
Board Member and Advocacy Committee Coordinator
