HALIFAX REGIONAL
MUNICIPALITY

October 29, 2025

MUNICIPAL CLERK

Hello Andrea,

Thank you for your note. Our request is to provide information to the Community Council about HMCS *Sackville* and the work of the Canadian Naval Memorial Trust. As part of this presentation, we would like to highlight the importance of ongoing community support for operations such as maintenance, programming, and public access, while also leaving time for discussion following the presentation.

We will hold the date for the next Halifax and West Community Council meeting on December 1, 2025, pending your confirmation. Our presentation would be similar to those delivered to the Harbour East–Marine Drive Community Council and the North West Community Council earlier this year.

Thank you for your quick response and assistance.

Warm regards,

Tanya

Subject: [External Email] Presentation Request – Canadian Naval Memorial Trust

[This email has been received from an external person or system]

Dear Clerk's Office,

On behalf of the Canadian Naval Memorial Trust, I am writing to request an opportunity to make a presentation to the Halifax and West Community Council.

On September 4, our Executive Director, Rick Emberley, and Chair, Greg Cottingham, presented "*Joining Forces for HMCS Sackville: Community Council Partnership*" to the Harbour East–Marine Drive Community Council, and on October 6 our organization presented to the North West Community Council. We would greatly appreciate the opportunity to share the same presentation with the Halifax

and West Community Council at its November 4 meeting, or, if that is not possible, at the next available date.

We will require audio-visual support and can provide the presentation file in advance.

Thank you for your time and assistance.

Best regards,

Tanya
