Question Deputy Mayor Shannon Re: Crosswalk Repainting -
Vernon Street to Watt Street

Deputy Mayor Shannon said that as a result of the above noted area being recently resurfaced, she requested that staff repaint the crosswalk before school opens.

Question Alderman Meagher Re: Truck Traffic - Connaught Ave.

Alderman Meagher said he has received complaints with respect to heavy trucks being on Connaught Avenue before 7:00 a.m. which, he suggested, is contrary to the Ordinance. Alderman Meagher referred to the area from Quinpool Road to Chebucto Road.

Alderman Meagher also referred to a show which he saw on A.T.V. about 10 to 15 days ago on air force which indicated that in communities today with the large trucks and noise which they make, it is affecting citizen's hearing saying he would like staff to see if a copy of the show could be obtained.

Question Alderman Wooden Re: Election Procedures Committee

Alderman Wooden referred to the possibility of changes in Ward boundaries and suggested that perhaps funds should be included in the capital budget in the event the boundaries are changed.

Question Alderman Hanson Re: Overhead Crosswalk signs

Alderman Hanson said he is also concerned about the progress being made with respect to the installation of overhead crosswalk signs now that school is about to open. Alderman Hanson suggested that a member of staff could get in touch with him on when it is expected a start will be made at the various locations which were requested by Council.

Question His Worship the Mayor Re: Naming of Negro Point

His Worship asked that staff look at the question of the name of Negro Point and in doing so, to consult with leaders in the black community and the Black United Front, perhaps with a view to recommending, if it is thought desirable, alternate names. His Worship said it was his impression that the City could not change the name without reference being made to the Canadian Board of Geographical Names in Ottawa.

Alderman Clarke, in referring to the possibility of a Park being located in the area, asked if staff intend to present a report on the matter and the City Manager advised that a report would be submitted in about late October.

Alderman Clarke asked if funds were being set aside for such a purpose and the City Manager suggested that such a determination would be made by Council.
