

NEIGHBOURHOOD SEED KIT APPLICATION

Part of Parks & Recreation's Neighbourhood Placemaking Program.
Applications are due on Monday, April 15, 2024.

Neighbourhood Seed Kits provide residents an opportunity to connect with more of their neighbours by sharing and taking part in a common activity. Share gardening tips, recipes, excess produce or even a neighbourhood meal.

Each kit comes with seeds for up to 20 households in your neighbourhood. Kits include the following seeds: kale, beans, Swiss chard, basil and zucchini. Applicants are required to share the seeds with their neighbours. The top 20 applications will receive seed kits.

Neighbourhood Seed Kits are a feeder initiative under Parks & Recreation's Neighbourhood Placemaking program. If you're interested in creating a placemaking project with your neighbours, find out more at halifax.ca/placemaking.

This program is managed by Halifax Regional Municipality's Neighbourhood & Volunteer Services Team. To learn about other ways the team can support community groups, visit: halifax.ca/volunteer.

PROJECT NAME: _____

PROJECT LEADERS:

(A minimum of two households are required to lead the project.)

COMMUNITY MEMBER ONE:

Name: _____

Email: _____

Phone: _____

Civic Address: _____

COMMUNITY MEMBER TWO:

Name: _____

Email: _____

Phone: _____

Civic Address: _____

Name and email of other neighbours involved: _____

(Optional)
