## Priority Criteria:

1. Preference will be given to first-time applicants;
2. Higher priority will be given to preservation and restoration of historic structural and weather-proofing elements than to cosmetic improvements. For example, the restoration of cladding, windows, doors, or roof has greater priority than painting;

4. Balance sought between applications from different geographic regions of HRM; and
5. Preference given to applications supported by a Building Conservation Plan prepared by an architect, building inspector, engineer, or other qualified restoration professional. The Plan may be a drawing or a report which reasonably illustrates work required for the building.

*Note: Properties currently under investigation or prosecution for Land-use, Building or Fire Code, or Heritage Property Act violations, or subject to an Order to Comply, or has liens/ taxes outstanding are not eligible.*

## Heritage Alteration Approval

Under the Heritage Property Program approval is required for any substantial alteration. This approval is a necessary pre-requisite for a Grant application to ensure that HRM's Standards and Guidelines for Heritage Properties have been met prior to the granting of funds. Additionally, Building Permits may be required, and grant applications cannot be approved without building permit approval, where required.

## Application Deadline

- The Application Form must be completed and returned to the Heritage Property Program Office before **December 1<sup>st</sup>, 2024**.
- Applications will not be considered complete unless all required supporting documentation has been submitted. Incomplete application forms will be returned, and will be ineligible for grants.
