### **AUDITORS' REPORT**

To His Worship the Mayor and Members of Council of Halifax Regional Municipality

We have audited the Operating Fund, Capital Fund and Special Reserve Funds balance sheets of Halifax Regional Municipality as at March 31, 2004 and the statements of operations, equity in capital assets and capital financing for the year then ended. These financial statements have been prepared to comply with generally accepted accounting principles adopted for Nova Scotia municipalities. These financial statements are the responsibility of the Municipality's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Municipality as at March 31, 2004 and the results of its operations and the changes in its capital position for the year then ended in accordance with the basis of accounting described in Note 1 to the financial statements.

These financial statements, which have not been, and were not intended to be, prepared in accordance with Canadian generally accepted accounting principles, are intended for the information and use of Council of Halifax Regional Municipality and Service Nova Scotia and Municipal Relations and may not be appropriate for any other use.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information included in the schedules is presented for the purposes of additional analysis and is not a required part of the basic financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

Year ended March 31, 2004 (In thousands of dollars)

### 1. Significant accounting policies:

These financial statements have been prepared to conform in all material respects to the accounting principles prescribed pursuant to Section 451 of the Municipal Government Act for Nova Scotia municipalities by Service Nova Scotia and Municipal Relations (MARM) and are intended for the use of Halifax Regional Council and Service Nova Scotia and Municipal Relations.

The basis of accounting used in these financial statements differs materially from generally accepted accounting principles as prescribed by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants (PSAB). The significant differences between MARM and PSAB are described below. PSAB requires that:

- Financial statements be prepared on a consolidated basis to reflect the assets, liabilities, revenues and expenditures, and changes in net assets and in financial position of the reporting entity where the reporting entity is comprised of all organizations, commissions and agencies accountable to the HRM for the administration of their financial affairs and resources and which are owned or controlled by the HRM. This would include, at a minimum, the individual funds represented in these March 31, 2004 financial statements Operating Fund, Capital Fund and Reserve Funds and the Halifax Regional Water Commission, a public utility owned by the HRM. The consolidated financial statements prepared in accordance with PSAB would include a Statement of Financial Position, Statement of Financial Activities and a Statement of Changes in Financial Position.
- Revenue and expenditures be recorded on a full accrual basis, and,
- Expenditures on capital assets be reported on the Statement of Financial Activities in the year incurred.

As outlined in a report to Regional Council, it has been recommended that financial statements in compliance with PSAB be prepared for the fiscal year ending March 31, 2005.

### (a) Non-consolidation:

As the Municipal Council has all pertinent information concerning the resources and results of operations of the various funds, boards, commissions and agencies which are under its control, a Resolution of Council has been passed that consolidated financial statements are not to be prepared.

### (b) Revenue:

Major revenue items are recorded on an accrual basis. Certain sources of revenue are recorded on a cash basis.

### 1. Accounting policies (continued):

- (c) Expenditure recognition:
  - (i) Operating Fund the Municipality accrues outstanding purchase orders for goods and services received at the balance sheet date. The financial statements include expenditures of approximately \$ 6.7 million (2003 - \$4.8 million) in respect of this policy. The future liability for this amount is included in the balance sheet.
  - (ii) Capital Fund the Municipality accrues expenditures on capital contracts only to the extent for which work has been completed at the balance sheet date. At March 31, 2004, contracts outstanding totalled approximately \$ 52 million (2003 - \$16 million) for which work has not been completed and for which no provision has been made in the accounts.
  - (iii) Interest on debenture debt is not accrued at period-end, but is recorded as an expenditure when paid. No interest payments were in arrears at March 31, 2004.

### (d) Fixed assets:

Fixed assets and work in progress are recorded at cost. Funds received through capital assistance programs, cost-sharing arrangements or loan forgiveness are recorded as funding received until a project is complete, at which time, it is then treated as additions to the equity in capital assets. The Halifax Regional Municipality does not record depreciation on its fixed assets. The value of the Municipality's fixed assets is written to nil at the end of their estimated useful lives as prescribed by Service Nova Scotia and Municipal Relations.

### (e) Valuation allowances (note 13):

### Uncollected taxes:

The Municipality provides an allowance for uncollected taxes which is based on a review of individual accounts plus a percentage of the remaining balances based on past collection experience. Based on the past collection experience the rates are as follows:

- 1% of commercial and residential taxes outstanding at the end of the current year which have been outstanding less than one year (2003 2%) plus;
- 5% of commercial and residential taxes outstanding at the end of the current year which have been outstanding for one to two years (2003 10%) plus;
- 10% of commercial and residential taxes outstanding at the end of the current year which have been outstanding for two to three years (2003 20%) plus;
- 20% of commercial and residential taxes outstanding at the end of the current year which have been outstanding for greater than three years plus;
- 20% of business occupancy taxes outstanding at the end of the current year which have been outstanding less than one year plus:
- 100% of business occupancy taxes outstanding at the end of the current year which have been outstanding for over one year.

### (f) Deferred transition costs:

The change in accounting policy resulted in a reduction of the valuation allowance in the amount of \$6.4 million and a resulting transfer of the reduction to the Operating Reserves. The valuation allowance policy is now as outlined in note 1(e).

### 14. Hurricane Juan:

On September 28, 2003, Hurricane Juan, a category 2 storm, hit central Nova Scotia passing directly over Halifax Regional Municipality and a state of emergency was declared. In addition to the large cleanup effort and emergency response required, the municipality suffered significant damage to its critical infrastructure.
