SUBJECT: Marketing Levy Special Events Grant Report 2019

ORIGIN

Applications received pursuant to Administrative Order Number 2014-020-GOV - Respecting Marketing Levy Special Event Grants.

LEGISLATIVE AUTHORITY

Administrative Order 2014-020-GOV – Respecting Marketing Levy Special Event Reserve Grants.

Administrative Order 2014-015 ADM - Respecting Reserve Funding Strategies.

RECOMMENDATION

It is recommended that the Special Events Advisory Committee (SEAC) recommend that Halifax Regional Council:

1. Approve the 24 proposed Event Grants for a total of \$1,054,000 as identified in Table 1 in 2019/20 from the Community and Events Reserve, Q621;
2. Pending final approval of the 2020/21 budget, approve 11 Signature Event Grants in the amount of \$493,000, as identified in Table 2 from the Community and Events Reserve, Q621;
3. Pending final approval of the 2021/22 budget, approve 11 Signature Event Grants for the total of \$493,000 as identified in Table 3 from the Community and Events Reserve, Q621;
4. Pending final approval of the 2020/21 budget, approve a Major Hosting grant in the amount of \$200,000 from the Community and Events Reserve, Q621, as identified in Table 4 to the Atlantic Division Canoe Kayak Canada for the International Canoe Federation (ICF) Canoe Sprint World Championships; and;
5. Pending final approval of the 2021/22 budget, approve a Major Hosting grant in the amount of \$200,000 from the Community and Events Reserve, Q621, as identified in Table 5 to the Atlantic Division Canoe Kayak Canada for the International Canoe Federation (ICF) Canoe Sprint World Championships.

BACKGROUND

This report outlines the recommended Marketing Levy Special Events (MLSER) grant awards for applications submitted to the 2019/20 intake. All recommendations respecting allocations of the MLSER are governed by AO 2014-020-GOV Respecting Marketing Levy Special Event Reserve Grants. Funding is provided from the Community and Events Reserve (Q621); an “Opportunity” reserve. The business case, approved by Regional Council, defines the purpose of the reserve as follows:

- To provide funding to attract and host exceptional, large-scale sporting events and tourism events that create significant economic impacts; promote Halifax as a multi-experiential event destination; and attract tourists to HRM for multiple day visits;
- To provide funding to community non-profit and public institutions in support of major capital initiatives by facilitating the development of significant community infrastructure to realize tangible cultural, and economic impacts on a national, provincial, regional or sectoral scale; and
- To provide funding to support the principles and objectives of the Cultural Plan and the HRM Public Art Policy.

The applicants to the 2019/20 program are assessed under the newly revised Administrative Order (AO) 2014-020-GOV Respecting Marketing Levy Special Event Reserve Grants. Below is a short history of the revisions to the overall granting program framework.

2016 AO Revisions Results

In 2016, Regional Council approved new program categories with new criteria and a scoring system primarily focused on data driven economic and tourism impacts. The new approach resulted in funding reductions for some annual events and the impact of those reductions, in some cases by significant amounts, has been noted each year of the 3-year cycle as causing challenges, particularly for events with sizeable municipal services costs. While an incremental funding formula was recommended and approved to provide time for the organizations to adjust to the reduced award amounts, there were enough difficulties experienced by events in the Signature program for staff to revisit this approach.

Staff has reviewed the rationale for this phased reduction approach and acknowledge that the overall conditions for organizations to attract other additional sources of funding through corporate sponsorship, fundraising and/or with other levels of government remains a challenge; therefore, no phased funding reductions are proposed for Signature events in the upcoming cycle. Notwithstanding, HRM strongly encourages event organizations to seek additional funding or make necessary program adjustments as SEAC’s focus remains building financial capacity to develop new and emerging events in HRM, and to position the municipality with the financial capacity to attract and host major event opportunities.

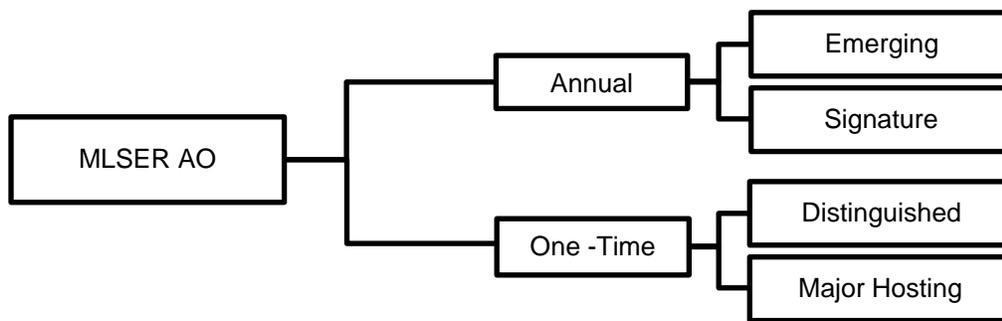

Recap of 2018 AO Revisions

In June 2018, Regional Council approved further amendments to AO 2014-020-GOV. The revisions focused on 3 principal areas:

- 1) distinction between annual events and one-time event funding;
- 2) program budget minimums; and
- 3) a more flexible application and intake process.

1. Distinction between annual events and one-time event funding

In discussions with SEAC, it was agreed the program categories were confusing, and possibly restricting, as funding was available to annual and one-time events in the same program stream. One-time events are non-annual, and the only program which funded both annual and non-annual was the Tourism Event program. SEAC proposed a ‘two-bucket’ approach; one stream to which annual events are eligible to apply, and another stream for one-time (non-annual) events eligible for funding. The below chart summarizes these approved changes:

The Distinguished Events Program

This program replaces the former Tourism program and supports non - annual events that have high potential for national and/or international exposure, and an ability to encourage multi-day visits. Emphasis will be on events of such significance that they provide HRM a competitive advantage, and national and international renown.

2. Program Budget Minimums

The program budget minimums have been lowered for both the “Distinguished” and “Signature” Events programs. The Distinguished Events program budget minimum is \$50,000, reduced from \$300,000. This change allows midsize events, such as regional/national sporting championships with strong room nights, to be eligible for funding. The Signature program has been lowered from \$500,000 to \$100,000.

3. Flexible Intake

Both staff and SEAC noted that offering one intake period per year was contrary to key principles of the event grant programs which are to be flexible and responsive to the needs of the events community, especially regarding hosting sporting opportunities. Therefore, both Emerging Events and Distinguished Events programs will now offer 2 intakes per year. The Signature program maintains 1 intake every 3 years and there is an open intake for events applying to the Major Hosting program.

Program Allocations

In 2016, SEAC recommended guidelines to set the maximum funding award amounts in each program, as well as a maximum allocation for each program. The program allocations were established to ensure \$400,000 of the total MLSER funding would be earmarked for investment in future Major Hosting event opportunities.

The maximum grant amounts for each of the programs are as follows:

- Emerging Events: \$ 25,000
- Distinguished Events: \$ 50,000
- Signature Events: \$100,000

The total allocation for each program is as follows:

- Emerging Events: \$ 100,000
- Distinguished Events: \$ 250,000
- Signature Events: \$ 500,000

The Major Hosting Event program does not have a maximum grant award or program budget.

DISCUSSION

As stated there are 4 programs under the MLSER program:

- Emerging Events – supports organizations that bring or create a developing event with potential and have a minimum budget of \$50,000;
- Distinguished – supports one-time events that have a minimum budget of \$50,000;
- Signature Events – supports large scale, annual events that have been in existence for 5 years and have a minimum budget of \$100,000;
- Major Hosting Events – supports organizations bidding on the rights to host major events that draw tourists, have a minimum budget of \$500,000, and are in receipt of funding from other levels of government.

The AO also states that HRM “may provide sustainable funding up to a maximum of three (3) years” to events in the Emerging and Signature categories to assist with the sustainability of events.

2019/20 Applications

Information on the current applications can be found in Attachment 1 and the 2018 final report summaries can be found in Attachment 2. There were 25 applications in total submitted to the 2019/20 program, with 1 application withdrawn by the organization.

Eligibility

Based upon the eligibility criteria, 24 events are deemed eligible.

Ineligible

There are no ineligible event applications for the 2019/20 program.

Major Hosting Events Applications

There is 1 application submitted for funding for the Major Hosting Events Program: 2022 ICF Canoe Sprint World Championships.

Evaluation

As per the AO, all applications are evaluated based on tourism impact, economic impact and media/exposure. Other key elements that are considered include the financial stewardship and governance of the event organization, as well the prestige the event offers to enhance Halifax’s reputation as a successful event destination. In addition, events applying to the Emerging and Major Hosting programs are assessed on funding commitments from other levels of government.

- Tourism impacts are assessed based on room nights (guaranteed and estimated), along with seasonality and location (urban vs suburban vs rural).
- Economic impacts are assessed by applying *an industry recognized economic assessment tool*.
- Media impacts (enhanced visibility of the Municipality) are assessed using information outlined in proposed media plans representing live streaming, television broadcasts and social media campaigns.

Destination International's Event Impact Calculator (EIC)

Staff worked in partnership with Discover Halifax (DH) to use a different economic assessment tool for the 2019/20 intake - Destination International's Event Impact Calculator (EIC). This online tool provides localized metrics on the value of meetings, conventions and for sporting, festival and cultural events in which the basic parameters of an event are translated into a full economic impact analysis. The system provides an economic impact analysis of an event focusing on business sales by industry and source, the impact of sales on jobs, wages, and local taxes, as well as the return on investment against hosting costs and incentives.

The reason for not using STEAM was based foremost on a fee of \$3,000 per STEAM assessment that was quoted by the Canadian Sports Tourism Association (CSTA). This rate was cost prohibitive considering it was an unbudgeted amount and HRM has 25 applications to assess. Use of an alternative economic assessment tool is permitted under Section 9 (h) of AO 2014-020-GOV that states: “*completion of an economic impact analysis, such as the Sport Tourism Economic Assessment Model (STEAM) or an alternate industry recognized economic assessment tool as approved by staff*”.

Essentially the two models deliver similar results in forecasting the economic value of hosted events. One difference between STEAM and DH’s EIC is the DH model’s underlying costing values and resulting multipliers are specifically tailored to Halifax. Destinations International and the Oxford Group were provided with an extensive Halifax data set. The STEAM model is a ‘Provincial’ model and thus some of the outputs will differ due to the influence of input cost data and resultant multipliers being based on Province wide values.

Staff applied this predictive economic assessment system for the 2019/20 application process and with ongoing support from DH may continue its use depending on results from ongoing testing and validation. Staff at Events Nova Scotia shared the STEAM of the 2022 ICF Canoe Sprint World Championships (Attachment 3). The STEAM assesses the total net economic activity (GDP) supported by the event is expected to reach \$10,502,925 for Canada as a whole, \$8,647,023 for Nova Scotia and \$6,587,087 for Dartmouth. This is compared to the EIC denoting a localized economic impact of \$ 8,503,792 found in Attachment 1.

Current Multi-Year Funding Events

Results of 2016/17-2019/20 New/Emerging Events Program

Of the 4 events that received funding in the 2016/17 newly designed program, 1 event did not take place in either year two or three. Spur Festival was awarded \$6,000 annually (for 3 years); however, the event only occurred in 2016, with only one year of funding released. Attempts by staff to contact organizers to assist with any challenges over the past 2 years have been unsuccessful. The Groundswell Music Festival was held for 2 years of its 3-year cycle with 2-year funding released. In 2018, the organizers confirmed they had chosen to hold a large-scale music performance instead of a festival as a fundraising event for Diabetes Canada which does not meet the criteria for this program. The Halifax Urban Folk Festival is in year 3 of its 3-year funding cycle and its audience numbers are increasing incrementally each year.

Signature Event Grants

For the 2019/20 intake, 11 applications have been assessed for the Signature Events program, as outlined in Table 2. In Table 3, pending final approval of the 2020/21 and the 2021/22 budget, events will continue to receive payments in the 3-year cycle unless there are significant changes to the program noted through the final reporting requirements.

Major Hosting Event

The 2022 ICF Canoe Sprint World Championships “Canoe '22” will take place in August 2022 on Lake Banook and features 5 days of formal competition. It will feature the best flatwater canoe and kayak athletes from around the world from up to 90 countries. Able-bodied athletes will compete in kayak and canoe disciplines, and Paracanoe athletes will compete in KL and Va’s classes (which resemble kayak and outrigger canoe events). This will be the third time the Senior World Championships will be hosted on Lake Banook with 1997 and 2009 being the previous years. Canoe '22 will offer free access to watch the events for majority of the seating, with one small section reserved for VIP and ticketed seating. The event estimates a total of 800 volunteers delivering 25,000 hours. More details on the event can be found on Page 9 of Attachment 1.

The total grant award is recommended in the amount of \$800,000. Release of the grant is recommended to be paid over 3 budget cycles. The first payment of \$400,000 is recommended to be approved from the current 2019/20 budget (Table 1). As identified in Table 4 the second payment of \$200,000 is recommended pending approval of the 2020/21 budget, and in Table 5 the final payment of \$200,000 is recommended pending approval of the 2021/22 budget.

FINANCIAL IMPLICATIONS

The funding from the Hotel Marketing Levy is deposited in Q621 and withdrawals are approved by Regional Council, in accordance with AO 2014-020-GOV Respecting Marketing Levy Special Events Grants. Approved withdrawals that are not allocated to an event in the year the withdrawal is approved are allocated to the hosting commitment and funds are carried forward for the major hosting program. This supports the SEAC’s commitment to accumulate funds to build capacity in the reserve to host “major” events that require significant hosting fees (i.e., Canoe 22). An annual reservation of \$400,000 is also allocated within the reserve for major event hosting opportunities.

All recommendations are subject to availability of MLSER reserve funds. With the approval of the 2019/20

Reserve budget, the funding is available in the Community and Events Reserve (Q621) with no additional increased withdrawal required. No applicants have any outstanding monies owed to the Municipality.

Net Reserve Balance, at March 31, 2019	\$ 1,485,618
Budget Allocation 2019/20	\$ 1,676,300
Total budgeted withdrawals for 2019/20	<u>\$ (2,236,800)</u>
Reserve projected net available balance, March 31/20*	\$ 925,118

*Recommended 2019/20 grant awards as per this report \$1,054,000 are included in the total withdrawals for 2019/20. Subsequent reports will award the remaining funds.

RISK CONSIDERATION

There are no significant risks associated with the recommendations in this Report. The risks considered rate Low. To determine this, consideration was given to financial and reputation risks.

COMMUNITY ENGAGEMENT

SEAC includes members of the public.

ENVIRONMENTAL IMPLICATIONS

None identified.

ALTERNATIVES

Alternative 1: SEAC may choose to recommend that Regional Council amend the amount of any grant in accordance with AO 2014-020-GOV - Respecting Marketing Levy Special Event Grants.

EMERGING EVENTS

1. **Event:** Halifax Urban Folk Festival
Organization: Halifax Urban Folk Festival Society
Grant requested: \$15,000
Past Grant: 2017 & 2018 - \$13,000
Proposed Grant: \$13,000 – 3rd year of 3-year funding

	Budget	Attendance	Outside HRM	Room Nights	STEAM
Estimated	\$309,300	8,500	1,500	200	\$149,165

This event is proposed for August 25 - September 1, 2019, at various live music venues and outdoor spaces in Halifax. The purpose of the event is to present and celebrate outstanding songwriters from across Canada, and to provide an opportunity for unique musical experiences. The event estimates a total of 65 volunteers delivering 1,260 volunteer hours.

Media Impact: The event will offer some streaming via Facebook Live and will offer recorded videos on their YouTube Channel.

2019 represents the third year of a 3-year funding commitment for this event.

2. **Event:** Mackenzie Tour Celebrity Pro-Am Golf Tournament
Organization: Sports & Entertainment Atlantic
Grant requested: \$ 50,000
Past Grant: \$ N/A
Grant Proposed: \$ 15,000

	Budget	Attendance	Outside HRM	Room Nights	EIC
Estimate	\$450,000	1,963	748	580	\$610,246

The proposed Mackenzie Tour Celebrity Pro-Am Golf Tournament will host a new annual event to invite amateurs and professionals together to participate in a 4-day golf tournament at Oakfield Golf Course. The tournament will invite 168 professionals to participate in the tournament, in addition to a celebrity Pro Am game which will include several NH players and celebrities from music, film, and television. During the tournament, there are plans for several events to be organized in the city for the pro and amateurs to experience Halifax. The event will require 200 volunteers delivering 8000 volunteer hours.

Media Impact: Promotion through several digital and traditional channels, Golf Canada and various social media platforms: Facebook, Instagram, Twitter, as well as a one-hour highlight video that will be broadcasted nationally on TSN.

An annual grant of \$15,000 is recommended for the Mackenzie Tour Celebrity Pro-Am Golf Tournament for 3 years (19/20; 20/21 and 21/22), pending budget approval for 2020/21 and 2021/22.

DISTINGUISHED EVENTS

1. **Event:** Atlantic Indigenous Games
Organization: Nova Scotia Mi'kmaw Sport Council
Grant requested: \$ 7,500
Past Grant: \$ N/A
Grant Proposed: \$ 7,500

	Budget	Attendance	Outside HRM	Room Nights	EIC
Estimate	\$106,639	1000	375	150	\$648,938

The proposed Atlantic Indigenous Games is a multi-sport event taking place at Saint Mary's University and Citadel High School in Halifax. The event will bring together approximately 400 Indigenous athletes under the age of 18 from across the Atlantic provinces to compete and represent their province. The games will consist of Athletics, Badminton, Basketball, Beach Volleyball and Volleyball, and will have both male and female categories. Games will be free to the public to attend. This event will build both excitement and national exposure for the upcoming 2020 Halifax North American Indigenous Games. The event requires 75 volunteers delivering 500 volunteer hours.

Media Impact: Promotion through various social media platforms: Facebook, Instagram, and Twitter.

- 2. Event:** **Baseball Canada 16U Female Nationals**
Organization: **Hammonds Plains Minor Baseball**
Grant requested: **\$10,000**
Past Grant: **\$ N/A**

	Budget	Attendance	Outside HRM	Room Nights	EIC
Estimate	\$98,000	15,000	3,205	1,969	\$1,434,530

The proposed Baseball Canada 16U Female Nationals hosted by Hammonds Plains Minor Baseball is planned to take place in August 2019. The games will be played over a 4-day weekend at Joan and Robert Lenihan Fields in Bedford. The tournament will determine the top 16U female baseball team in the country. Teams will participate from all 10 provinces across Canada and will have an expected attendance of 15,000. This will be the second time that tournament will be held in Halifax with teams representing all 10 provinces. The event will require 75 volunteers delivering 500 volunteer hours.

Media Impact: Promotion through various social media platforms: Facebook, Instagram, and Twitter. Baseball scores will be posted in local newspapers and radio. Bell Aliant and CTV Atlantic will also provide coverage to the event.

- 3. Event:** **Canada Cup**
Organization: **Volleyball Canada**
Grant requested: **\$ 8,000**
Past Grant: **\$ N/A**
Grant Proposed: **\$ 8,000**

	Budget	Attendance	Outside HRM	Room Nights	EIC
Estimate	\$569,050	42,150	1301	3,000	\$1,309,060

The proposed Canada Cup volleyball event will be hosted by both Volleyball Canada and Volleyball Nova Scotia and is scheduled to take place at Dalhousie University from July 16-21, 2019. The event will bring together Canada's next generation of high-performance athletes to compete in a National Championship. A total of 40 teams (500 athletes and 75 coaches) will travel to Halifax from Yukon, British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, Quebec, New Brunswick, Newfoundland and Labrador, Prince Edward Island, and across Nova Scotia to compete. The event will require 40 volunteers delivering 400 volunteer hours.

Media Impact: Promotion through various social media platforms: Facebook, Instagram, and Twitter, as well as local newspapers and radio. Bell Aliant and CTV Atlantic will also provide coverage to the event.

- 4. Event:** **Field Lacrosse Festival & International Professional Field**
Organization: **Sports & Entertainment Atlantic**
Grant requested: **\$ 50,000**
Past Grant: **\$ 10,000**
Grant Proposed: **\$ 10,000**

	Budget	Attendance	Outside HRM	Room Nights	EIC
Estimate	\$259,785	6,240	597	2,355	\$638,425

The proposed Field Lacrosse Festival & International Professional Field event is a 5-day tournament being held in Wolfville and HRM in September 2019. For the first 3 days the teams will stay in Wolfville, and then travel to Halifax to compete on the HRM Wanderers Grounds. In addition to the youth teams, the tournament will invite two professional lacrosse teams to play a match in Halifax. These athletes will stay in Halifax for a 4-day period. This event requires the help of 50 volunteers delivering 500 volunteer hours.

Media Impact: Promotion through Lacrosse Nova Scotia and various social media platforms: Facebook, Instagram, and Twitter.

- 5. Event:** **Men's U19 World Floorball**
Organization: **The Men's U19 WFC Organization**
Grant requested: **\$ 50,000**

2018/19 Tourism Event Program Final Report Information

Final Reporting Requirements

The following information is based on a review of the 2018 final reports that are submitted to staff post event. As per Section 34 of the AO it states that “Failure to submit a final report within 120 days of the conclusion of the event or at the end of the approved extension period will result in

- (a) The forfeiture of any remaining grant; and;
- (b) Placement on the Municipality’s delinquent organizations list.”

The following organizations did not request an extension and did not submit a final report until in some cases 11 months post event. Should this occur in future these events may be placed under “Concerned Status” which may result in a lower event grant; additional conditions on the current grant and any future grant; and discontinuation of the grant term if applicable where issues go unresolved.

The Sport Tourism Economic Assessment Model – version 2.0 (STEAM 2.0) is a tool that has been designed to develop economic impact projections of sport events and festivals throughout Canada. Economic impact projections quantify the impact that special events have on the larger economy through a variety of measures such as GDP, Jobs, Wages & Salaries, Taxes, and Industry Output.

Used judiciously, these indicators can be used to garner support from public and private sector partners, provide a framework for comparing the relative size of impacts of events, or for communicating to the general public the importance of sport events and festivals to the community as a whole.

Disclaimer: The results of this pre-event economic impact analysis are intended to act as a guide and are not considered definitive of the actual events. All projections should be considered an event's potential economic impact. The projections are based on standardized spending estimates that may or may not reflect that of the highlighted event's attendees. In addition, the projections are based on the organizer's assumptions regarding attendance, composition and characteristics. These forecasts are subject to uncertainty and evolving events, therefore actual results may vary from forecasted results. Additionally, these forecasts only recognize the economic benefits of the event, and do not consider any displacement or substitution costs that may occur as a result of hosting the event. STEAM 2.0⁰⁰ is the federally recognized economic impact assessment model used for sport tourism in Canada.
