Subject: [External Email] Presenting at the Board Meeting on the 14th re: plan to purge street check data

[This email has been received from an external person or system]

Good afternoon,

I would like to make a short presentation on behalf of DPAD addressing the plan to purge the street check data by December 31. In statements to the media, both the HRP and RCMP have suggested the BOPC is the major stakeholder for consultation on the data plan, so I would like to address the board on alternatives to the purging of this data which is of concern to the ANS community.

Thank you,
Dr. El Jones
