Subject: [External Email] Chris Schafer: Request to Present to Active Transportation Advisory Committee

[This email has been received from an external person or system]

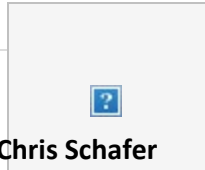

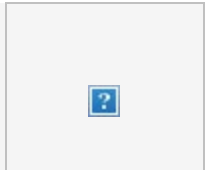

Hi,

I would like to request to speak to the Active Transportation Advisory Committee at their next meeting on Jan. 19, 2023 on the topic of shared e-scooter programs in Canada.

Please see the attached presentation deck in PowerPoint format attached via Google link given the larger size of the file. Please note that all and any references to Bird and/or Bird Canada have been removed from the presentation deck's written and visual content.

In addition, while addressing the advisory committee, I will not speak in reference to Bird Canada. I will speak in reference to "shared e-scooter and/or shared micro-mobility (e-scooter and e-bike) programs across Canada".

My intention is to share my expertise on these programs across Canada with members of the advisory committee (not to pitch them on a specific product or service) and to answer questions they may have on the general topic of shared micro-mobility/shared e-scooter programs in place across Canada.

Chris Schafer
Vice President, Government Affairs
Bird Canada
