**Item No. 1**  
**Harbour East Marine Drive Community Council**  
**August 1, 2019**

**TO:** Chair and Members of Harbour East Marine Drive Community Council

Original Signed

**SUBMITTED BY:**

\_\_\_\_\_  
Jacques Dubé, Chief Administrative Officer

**DATE:** June 21, 2019

**SUBJECT:** **Development Approvals within Harbour East-Marine Drive Community Council Jurisdiction from 2008 to 2018**

---

**INFORMATION REPORT**

**ORIGIN**

Motion of Harbour East-Marine Drive Community Council on February 1, 2018:

*“A staff report outlining how many development applications have been approved by Harbour East-Marine Drive Community Council since 2008, and of these development applications, how many have been developed”.*

**LEGISLATIVE AUTHORITY**

Halifax Regional Municipality Charter, S.N.S. 2008, c. 39

**BACKGROUND**

On February 1, 2018, Harbour East-Marine Drive Community Council (HEMDCC) directed staff to determine how many development agreements have been approved by HEMDCC since 2008 and how many of the projects have been developed.

Staff compiled the requested information using the Municipality's permitting and planning application system known as “Hansen”. This report compiled information only on new development agreement applications, discharges of development agreements, substantive amendments to development agreements, and non-substantive amendments. It should be noted that prior to the introduction of Hansen in 2010, staff kept manual records of all planning applications. Therefore, information referenced in this report for the time frame prior to 2010 was compiled manually through a review of agendas and minutes of both the Marine Drive Valley and Canal Community Council and Harbour East Community. Staff used the present geographic boundaries of Harbour-East Marine Drive Community Council when it conducted its review of the cases.

After compiling the development agreement data, staff matched the data to building permit records, also obtained through Hansen. Staff removed permits which were not relevant to an approved development agreement and any permits issued prior to Council's approval of the development agreement on the property.

## **DISCUSSION**

Staff has compiled the requested information into two tables:

- Development Agreements in HEMDCC (2008-2018) - see Attachment 1; and
- Development Agreements and Building Permits in HEMDCC (2008 -2018) - see Attachment 2.

### **Development Agreements**

HEMDCC has approved **96** development agreements within their jurisdiction since 2008. Of these agreements, 66% of the developments were located within Dartmouth and Downtown Dartmouth Plan areas. The remaining 44% are located within 5 Plan Areas as outlined below:

<b>Plan Area</b>	<b>Number of Development Agreements</b>
Dartmouth	48
Downtown Dartmouth	15
Cole Harbour Westphal	15
Eastern Shore (West)	8
Eastern Passage Cow Bay	6
Eastern Shore (East)	2
Planning Districts 8 & 9	2
<b>Total</b>	<b>96</b>

The approved development agreements were predominantly for residential (47%) or commercial developments (30%). A small portion of the agreements (21%) were for mixed used developments (residential and commercial development - 20%; industrial and commercial development - 1%). Two (2%) agreements were for institutional uses, both long term care facilities. On average, HEMD Community Council has approved 9.6 development agreements per year since 2008.

### **Building Permits**

Of the 96 development agreements approved, staff determined that only 71 agreements would require a standard construction permit to be issued. Of these 71 agreements, construction permits have been issued for 41 of the agreements.

In total, 209 construction permits have been issued relative to development agreements and they are spread over the 7 Plan Areas as follows:

<b>Plan Area</b>	<b>Building Permits</b>
Dartmouth	67
Eastern Passage/Cow Bay	64
Planning Districts 8 & 9	45
Downtown Dartmouth	21
Cole Harbour/Westphal	10
Eastern Shore (West)	1

Eastern Shore (East)	1
<b>Total</b>	<b>209</b>

Not all development agreements require the issuance of a construction permit such as discharges and some minor amendments to existing agreements. For example, one development agreement (Case 20192) enabled the removal of visual buffering requirements which does not require a construction permit to be issued.

### **Declared Value of Construction**

The total declared value of the construction issued was \$230.1 million, with residential development totalling \$190.6 million (172 construction permits) and commercial development totalling \$39.4 million (33 construction permits). The largest residential developments were two apartment buildings at 48 (104 units) and 72 (105 units) at Seapoint Road in Dartmouth, near the Burnside Industrial Park (\$21.1 and \$21.8 million each). The largest commercial development was the renovations to the former Kent Building Supplies building at 35 Mic Mac Blvd (\$20.9 million). There have been 66 construction permits issued for Erindale Estates in Eastern Passage/Cow Bay, and 35 building permits issued for residential development in Seven Lakes, Lake Echo.

### **FINANCIAL IMPLICATIONS**

There are no financial implications.

### **COMMUNITY ENGAGEMENT**

There was no community engagement in the preparation of this report.

### **ATTACHMENTS**

- Attachment 1: Development Agreements in Harbour East – Marine Drive Community Council (2008-2018)
- Attachment 2: Development Agreements and Building Permits in Harbour East – Marine Drive Community Council (2008-2018)
