#### ENGAGE NS QUALITY OF LIFE SURVEY

Back in late April/early May, 80,000 Nova Scotian households received in their mailboxes, an invitation to participate in a first-of-its-kind survey measuring quality of life across the province. The survey asks how people feel they are doing in eight key areas related to their quality of life, such as living standards, time-use and community vitality. Traditionally, much of the information used to make decisions about our daily lives has been based on economic data. Those data aren't wrong; they're just incomplete. This will provide a more complete picture of how Nova Scotians are doing in all areas that matter to them. Once collected, the information from the survey will be compiled and prepared into up to ten regional reports. Those reports will then serve as the foundation for innovative approaches to priority-setting and planning at a local level for years to come. It's important for Nova Scotians to choose to "fill it out and not throw it out" if they receive the opportunity to participate. The survey is being led by Engage Nova Scotia with support from NS Community College and administered by the Canadian Index of Wellbeing at the University of Waterloo. #### ENVIRONMENT WEEK: JUNE 2<sup>ND</sup> – 8<sup>TH</sup>

During Canadian Environment Week (CEW) there are many special dedicated days to heighten the awareness of various environmental causes: World Environment Day (June 5th), Clean Air Day (June 6th) and World Oceans Day (June 8th). For more information about CEW, go to: [www.canada.ca/en/environment-climate-change/services/canadian-environment-week.html](http://www.canada.ca/en/environment-climate-change/services/canadian-environment-week.html)

During CEW and throughout the year, we are urged to reflect on the many ways we can take action to protect and preserve our natural surroundings. After that week, it will be "Rivers to Oceans Week" which is an opportunity to work together to create an understanding of watersheds, our connection to fresh and salt-water environments and what everyone can do to protect it.

#### SPEED BUMPS FOR SALMON RIVER DRIVE

Due to traffic shortcutting through Salmon River Drive in Westphal and Riley Road in Cherry Brook, HRM has put out a tender call to install speed bumps as a traffic calming measures to make these roadways safer.

The work is expected to be done later this summer.

#### HRM BIKE WEEK: JUNE 1<sup>ST</sup> – 9<sup>TH</sup>

Bike Week is a yearly initiative that is about bringing people, organizations, businesses, and institutions in HRM together in celebration of not only of cycling but of the potential it has for

creating healthier, safer, more prosperous communities. HRM is working to provide bicycle parking where there is demand for it. The Request-A-Rack program allows for new bicycle racks to be installed on public property at locations where more bicycle parking is needed. The focus is on installing racks in commercial districts and at public destinations in bike parks, recreation centres and libraries. More details at: [www.halifax.ca/transportation/cycling-walking/request-a-bicycle-rack](http://www.halifax.ca/transportation/cycling-walking/request-a-bicycle-rack).

#### MUSQUODOBOIT HARBOUR PLEBESCITE

Approximately 1,900 property owners within the Musquodoboit Harbour Common Area Rate zone (Musquodoboit Harbour, East & West Petpeswick, Smith Settlement & Ostrea Lake) will be getting a briefing in the mail about the origins of this area rate tax and its use since HRM Amalgamation. They will be asked to vote on whether this ½ cent tax per \$100 of assessment should be maintained for exclusive use in their area for community recreation use only. That equates to \$5 per \$100,000 value of property. They can submit their vote either by return mail or bring it to the next MHACCCA Townhall meeting on Wednesday, June 19<sup>th</sup> or drop it at a ballot box in the local library. There will be a June 30<sup>th</sup> cut-off date to receive your verdict. HRM needs to know if there will be a continuance of the tax rate in time for calculating the second half of property tax billings that are done in September and due by October 31<sup>st</sup>. If you should have any questions or want clarification on this matter, then please contact Barb Wilson: [wilsonba@halifax.ca](mailto:wilsonba@halifax.ca) or call 902-490-4280.

#### PORTERS LAKE BUSINESS DISTRICT

The creation of a new Porters Lake Business Improvement District (BID) would enable those commercial properties within its proposed boundary area to self-assess a levy that can be used to better promote and enhance their area. A total

of 14 commercial properties are currently located within the proposed BID area from Stella Drive to Alps Road along Highway #7. The proposed District Area Rate is 0.10¢ per \$100 of assessed commercial property value, with a Minimum Levy of \$300 and a Maximum Levy of \$3,000 that would generate approximately \$10,455.00 per year. There will be a public information meeting for those businesses on Wednesday, June 12<sup>th</sup> – 6:30 P.M. at the Lake & Shore Community Centre and their reply via secret ballot is due by Friday, June 21<sup>st</sup> – 4 P.M..
