## OLD BANK NOTES NO LONGER USED

In accordance with amendments to the Bank of Canada Act and the Currency Act approved by parliament back in 2018, the Federal Government has decided to remove legal tender status from some older bank notes as of January 1st, 2021. This change will affect the \$1, \$2, \$25, \$500 and \$1,000 bank notes, which are no longer being produced. Essentially, this means that Canadians will no

longer be able to use them in transactions. Most citizens will not be affected because the bank notes targeted have not been made in decades and are rarely used in everyday transactions. Importantly, these bank notes will not lose their value. Canadians can redeem them at "face value" or decide to hold them as keepsakes and collector's items. Those who wish to redeem their old bank notes can do so most easily at their financial institution. Or send them directly to the Bank of Canada. And currently, there are no plans to remove legal tender status from any other bank notes. ## NEW 311 HRM CONTACT ADDRESS

At the end of November 2020, the HRM 311 Customer Contact Centre's deployed a new feature to integrate customer e-mails through a telephony e-mail system. As part of this 11 initiative a new e-mail address has been created: [ContactUs@311.halifax.ca](mailto:ContactUs@311.halifax.ca). This will replace the previous e-mail address: [ContactHRM@halifax.ca](mailto:ContactHRM@halifax.ca). Impacts for residents should be minimal. E-mails from the general public directed to the old e-mail address will be auto-forwarded to the new email address. Residents can visit [www.halifax.ca/311](http://www.halifax.ca/311) for more info about the 311 Customer Contact Centres. And you still can call 311 to make any municipal service requests or general enquiries.

## INPUT ON PLAYFIELD STRATEGY

As part of the development of HRM's Playing Field Strategy (PFS), the municipality has launched an on-line survey to garner input from the general public. The PFS is a recommendation of the 2016 Community Facilities Master Plan 2 (CFMP2) and is included in the 2020/21 HRM Parks & Recreation Business Plan. The PFS will help guide decisions related to future playing field needs throughout the region over a 15-year time period. It will address all weather and natural turf sport fields (used for activities such as soccer, football, rugby, and ultimate frisbee) and ball diamonds (used for activities such as softball, slo-pitch, fast pitch and baseball). It is anticipated that the strategy will be completed in the Autumn of 2021 and will subsequently be presented to Regional Council for approval. Participation from those who use playing fields for sports as well as any other recreational purposes is encouraged. The survey can be found at [www.Halifax.ca/surveys](http://www.Halifax.ca/surveys) beginning on December 3, 2020 until January 18, 2021.
