| Subject: District Capital Funds Policy | | |
| Motion for Council to Consider: That Halifax Regional Council request a recommendation report regarding flexibility in the application of district capital funds on properties owned by other levels of government. Reason: The current policy is restrictive with regard to its application on Federal and Provincial lands. Given that some of our projects are done in conjunction with federal and provincial officials, the existing policy does not allow us to participate as partners. A revised policy, which would allow us to include expenditure of funds on other government owned properties for community purposes would allow us the flexibility to enhance our communities. Outcome Sought: Timeline for when this revised policy will come to Council for debate. | | |
