SUBJECT: Fees for Property Taxation Information

ORIGIN

This report has been initiated by staff as an option to increase revenue in 2023/24 and beyond, by implementing new fees for providing property taxation information.

LEGISLATIVE AUTHORITY

Halifax Regional Charter Section 102 states:

102 Subject to the approval of the Board for those services that are subject to the Public Utilities Act, the Council may, by by-law, prescribe charges for the provision of services for persons who use or benefit from the service, on a basis to be set out in the by-law.

RECOMMENDATION

It is recommended that Halifax Regional Council adopt *By-Law F-303*, amending *By-Law F-300*, a *By-Law Relating to Fees for the Provision of Taxation Information*, as set out in Attachment 2 of this report.

BACKGROUND

By-Law F-300, a *By-law Relating to Fees for the Provision of Taxation Information*, was passed in 2006 to prescribe charges for the provision of services for persons who use or benefit from the service. Charges currently included in this by-law are the provision of tax information to a financial institution, which is charged to financial institutions to process payments remitted on behalf of the institution's mortgage clients. This fee is proposed to stay at its existing charge of \$18 per account.

The recommendation in this report seeks to amend By-Law F-300 by adopting By-Law F-303 to increase the fee for a tax certificate from \$75.00 to \$100.00 and include a schedule of fees for an amount of \$15.00 for:

- Provision of tax information to current property owner;

- Provision of tax information to prior property owner;
- Refund of Tax Amount;
- Redistribution of Tax Payment; and
- Change of Power of Attorney on non-personal accounts.

DISCUSSION

Each year, the Municipality receives thousands of requests for taxation information which take time and resources to provide. There are numerous services HRM is currently providing free of charge to customers. The recommendation is to amend By-Law F-300 by adopting By-Law F-303 to introduce fees for the provision of these services by charging a \$15.00 fee per request and increasing the fee on tax certificates as outlined below.

Service	Description
Property tax bill reprints (\$15)	Customers to be charged for reprint requests provided by mail or email outside of regular billing periods. Interim and final bills to continue to be provided free of charge.
Property tax statements (\$15)	Providing a history of tax payments and billings.
Redistribution of payments (\$15)	Moving an incorrect payment from one account to another. This fee will apply to customers who pay their own property taxes and mortgage companies who pay property taxes on behalf of their customers. When an erroneous account is paid by the mortgage company, the mortgage company will be charged the fee, not the property tax account owner.
Applying a power of attorney to account (\$15)	This charge will not apply for customers becoming power of attorney for family members; will primarily apply when commercial properties or large multi-unit residential properties request changing the power of attorney (for example, when they update their property manager to act on their behalf).
Refund request (\$15)	Charge to issue a refund cheque or electronic payment to customers (eg overpayment, exemption granted). No administrative fee will be charged to customers who leave their credit on their account to be applied to future taxes.
Tax certificate (increase from \$75 to \$100)	Fee for tax certificates was set at \$75 in July 1997 and has not increased since.

Many municipalities across Nova Scotia and Canada charge similar fees for these services. For example, Cape Breton Regional Municipality and East Hants both charge a \$10.00 fee for reprinting a property tax bill. Some jurisdictions, such as Pictou County, don't provide a reprint of the property tax bill. Further information about charges for these services in other jurisdictions can be found in Attachment 1.

For clarity, staff will continue to provide property tax information over the phone to the property owner, at no charge, such as account status, amount owing, and any other requested property tax information that can be disseminated over the phone to the property owner. Customers will not be charged to receive their interim and final tax bills. These bills will continue to be provided free of charge. The fee will only apply to customers who contact the municipality requesting a bill reprint or tax information outside of the regular billing cycle. The fees will be collected via a website where customers will be able to initiate and pay for their request through a secure paywall. Customers will also have the option to go to a Customer Service Center for these requests if the requestor is unable to submit the request online.

FINANCIAL IMPLICATIONS

The recommendation is expected to generate additional revenue of approximately \$500,000 per year, as shown below in Table 1. The number of power of attorney changes is unknown at this time due to current system limitations so a projected revenue estimate is not available for this service. With the implementation of the recommendation, these requests will be tracked separately in HRM's new revenue system and accurate reporting of volumes by AAN will be available and the accuracy of future revenue projections will improve.

Table 1:

Fee	2019/20 Volume	2020/21 Volume	2021/22 Volume	3 Year Average	Projected Revenue (3 yr avg)
Property Tax Bill Reprints	2,051	4,638	7,138	4,609	\$ 69,135
Property Tax Statements	1,444	1,626	2,902	1,991	\$ 29,860
Refund Administrative Fee	346	312	278	312	\$ 4,680
Tax Certificates	22,126	19,617	16,385	19,376	\$ <u>484,400</u>
Total Projected Revenue					\$ 588,075

There is a one time set up fee of \$30,000 to create the website, which has been budgeted for. There will also be ongoing merchant fees associated to process the transactions and these merchant fees have been budgeted for in bank charges.

RISK CONSIDERATION

No risks were identified as the additional fees pertaining to services requested and collection methods are considered best practices by other municipalities across the province and country.

COMMUNITY ENGAGEMENT

No community engagement was required.

ENVIRONMENTAL IMPLICATIONS

Customers who previously habitually disposed of their paper bill when received then subsequently requested a paper reprint may not request a reprint if there is an associated cost, which would reduce waste.

ALTERNATIVES

Regional Council could choose to:

1. Adopt *By-law F-303* with amendments. A supplementary staff report may be required to address amendments.
2. Not to approve the recommendation and not implement any additional fees or increase any fees

related to the provision of property tax information and the collection of property tax funds.
