Subject: [External Email] Request to Present to ESSC on behalf of Our HRM Alliance

[This email has been received from an external person or system]

Dear Councillor Mancini and Ms. Aoyama,

I'm righting to you as Chair and Legislative Assistant of the Environment and Sustainability Standing Committee with the request to present to the committee on behalf of Our HRM Alliance.

[Our HRM Alliance](#) is a coalition of over 60-organizations from across HRM, collaborating to build a more sustainable community and build environment in our Municipality. The Alliance has long been involved with the Halifax Green Network Plan, from initially calling for the Plan during the past Regional Plan review, to contributing extensive community-based knowledge to the Plan, and now is deeply invested in its implementation.

On behalf of Our HRM Alliance and alongside the Alliance's Chair, Kathleen Hall, we request this opportunity to present the Alliance's 7-solutions to the Committee. The Alliance believes that in the year ahead, council, alongside citizens, has significant opportunities to continue investing in a healthier and more liveable region. The 7-Solutions outline these opportunities, connecting them with federal and global context, and offering actionable steps within current municipal processes.

I am happy to provide any additional information or context. Please do let me know if you have any questions or otherwise, what the next steps are.

Many thanks,
Meredith Baldwin
