

APPLICATION FORM FOR HERITAGE REGISTRATION

Introduction: The following document is an application form for individuals wishing to register a building, streetscape, or area of land as a Municipal Heritage Property in Halifax Regional Municipality.

Application Fees: To encourage the preservation of the Halifax Regional Municipality's heritage resources, there are no fees charged to register a property.

Documentation: **An application submitted by the property owner (or with the property owner's support and signature) requires only this completed application form. Research (supporting documentation) is optional.**

By contrast, an application submitted by a third party without the property owner's support and signature must include supporting documentation provided by the third-party applicant, including the following:

1. A detailed summary of the history and heritage value of the property and the reasons why you believe it should be considered for heritage registration. (A description of the information this summary should include is available on page 3 of this application form.)
2. Photographs of the building and property (and historical photos if available).

Process: Heritage staff will review the application and determine if it is complete. If complete, staff will conduct a site visit to photograph the property and review the information provided by the applicant. Staff may commission additional research regarding the history of the property if it is found to be warranted. (Please note: HRM will only commission additional research for applications submitted by property owners. Applications submitted by third parties will be evaluated only on the information provided by the applicants.)

Should the application qualify for consideration, staff will prepare a report and forward the application to the Heritage Advisory Committee (HAC) for evaluation. The property's age, historical associations, compatibility with surroundings and architecture will be considered and rated. If the building, site, or streetscape attains the minimum score, it will qualify for a positive recommendation by the HAC to Halifax Regional Council.

If Council wishes to consider the HAC's recommendation, all registered property owners must be notified, and Council will provide an opportunity for owners to be heard at a Heritage Hearing. Council must decide within 120 days whether to register the property. During that time no substantial alteration in appearance or demolition of the property may be carried out without Council approval. If Council decides in favour of registration, the property will be included in the Halifax Regional Municipality's Registry of Heritage Properties. Once included in the Registry, any substantial alterations to the exterior appearance of the registered property requires approval of Regional Council.

Inquiries: For general inquiries and for assistance in completing this application, please contact:
